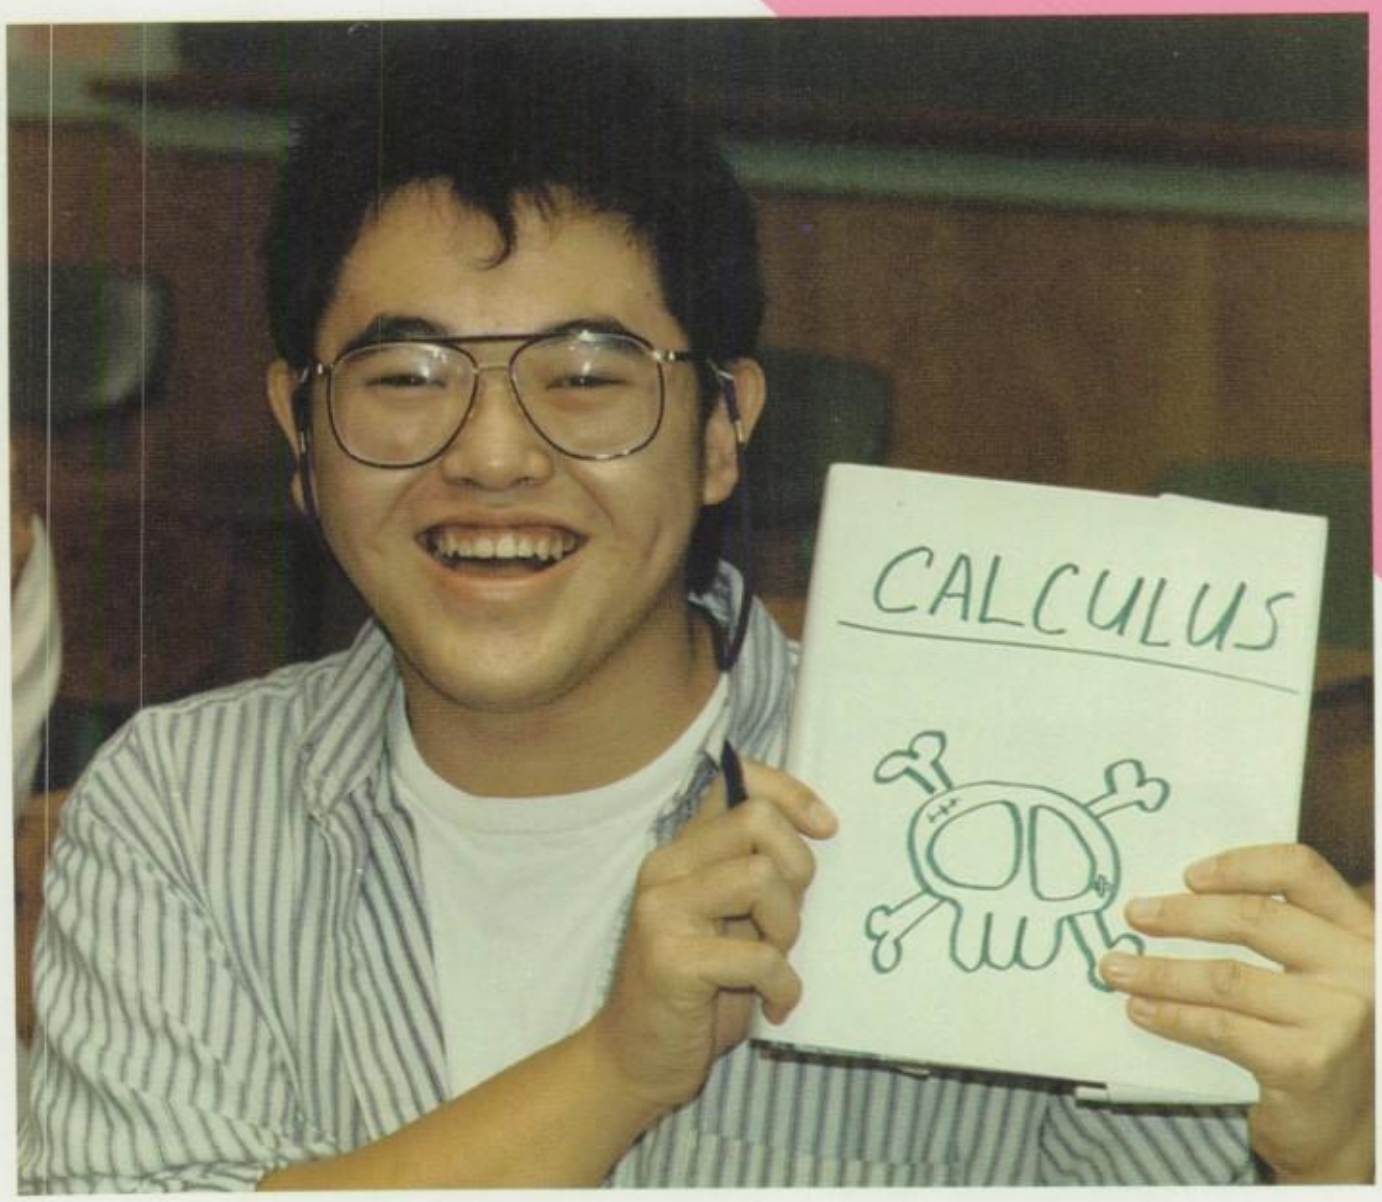
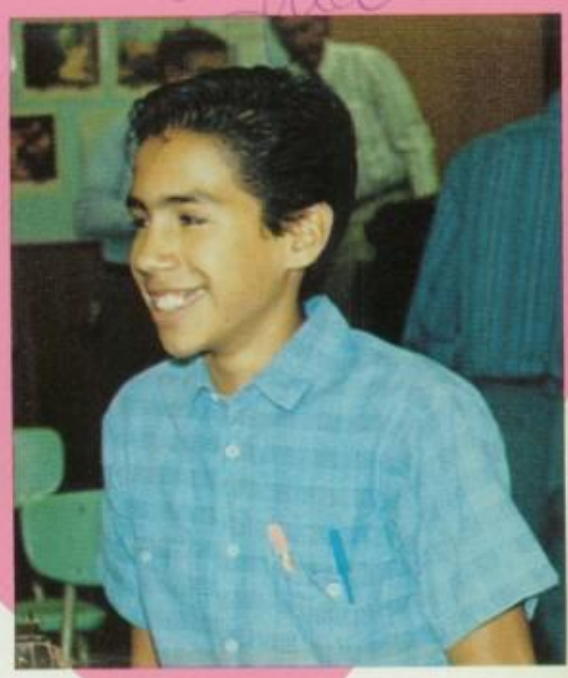
Life is full of fantasies and fun. All walks of our world-wide brotherhood seek to find and hold these joys. At El Rancho, we have made the quest easy by means of our many clubs and organizations. Through the California Scholastic Federation and Math Engineering and Science Achievement, students can find joy in acquiring knowledge; in Spanish Club, German Club, and French Club, they can enjoy their newly found languages; with the Pep Commission and the Pep Band, students enjoy showing their blue and gray pride. Withal, and even among the many clubs not mentioned, El Rancho students celebrate life.

Celebrate Life

To Lupe:
Well here it is the end of the year and I'm real glad I've got to know you. Have a great summer and I'll see you next year.
your friend
Alfred





Every day here at El Rancho has been one to celebrate. Each class, full of Don pride, celebrated this year in their own way. The upperclassmen led in the celebration, while the Sophomores and freshmen stuck close behind them and learned the new tricks.

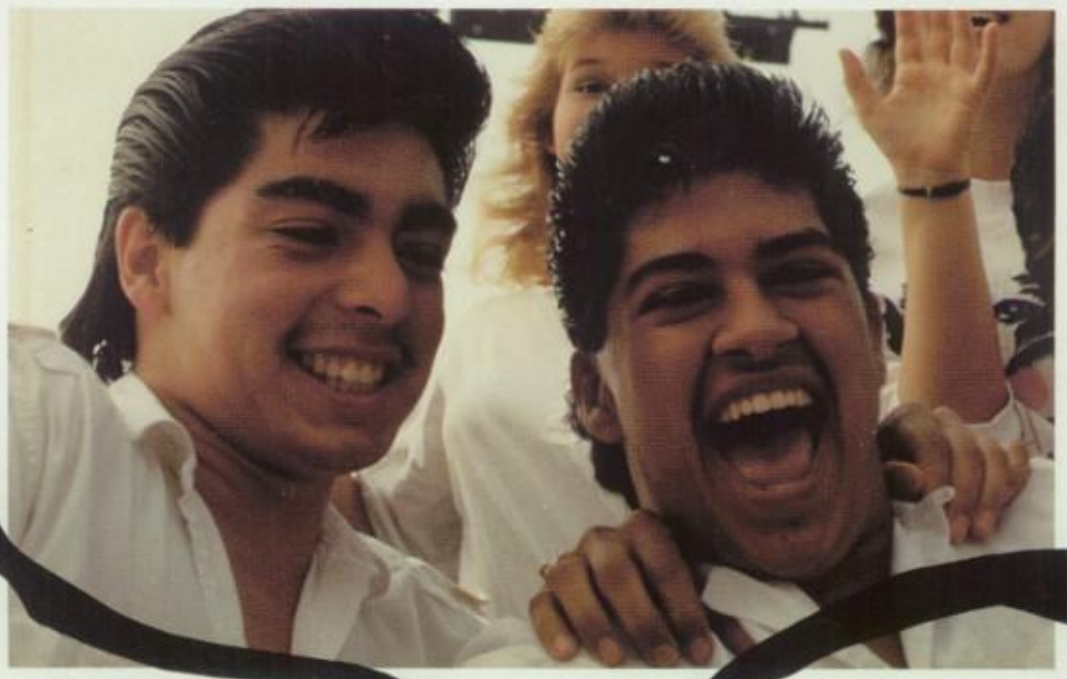
Anxious and well learned, seniors awaited graduation and the adventures of the real world. Future planning was an essential part of senior life as well as junior life, and E.R. provided great opportunities for the fulfillment of these future goals. Let us not take for granted the hard work of our Sophomore and Freshman Classes, who have completed some of the most crucial years of their educational lives. For they, too, will be the leaders of tomorrow. Society awaits these successful Dons, which E.R. has proudly helped educate and mature.

As Dons, we all have had lots to celebrate as well as to appreciate and to learn from. Seniors to freshmen-E.R. became the life of the party. Don pride has filled all of our hearts and led us through all of the great activities here at E.R. There's no question about it; we've all worked hard and deserve to celebrate and to be celebrated.

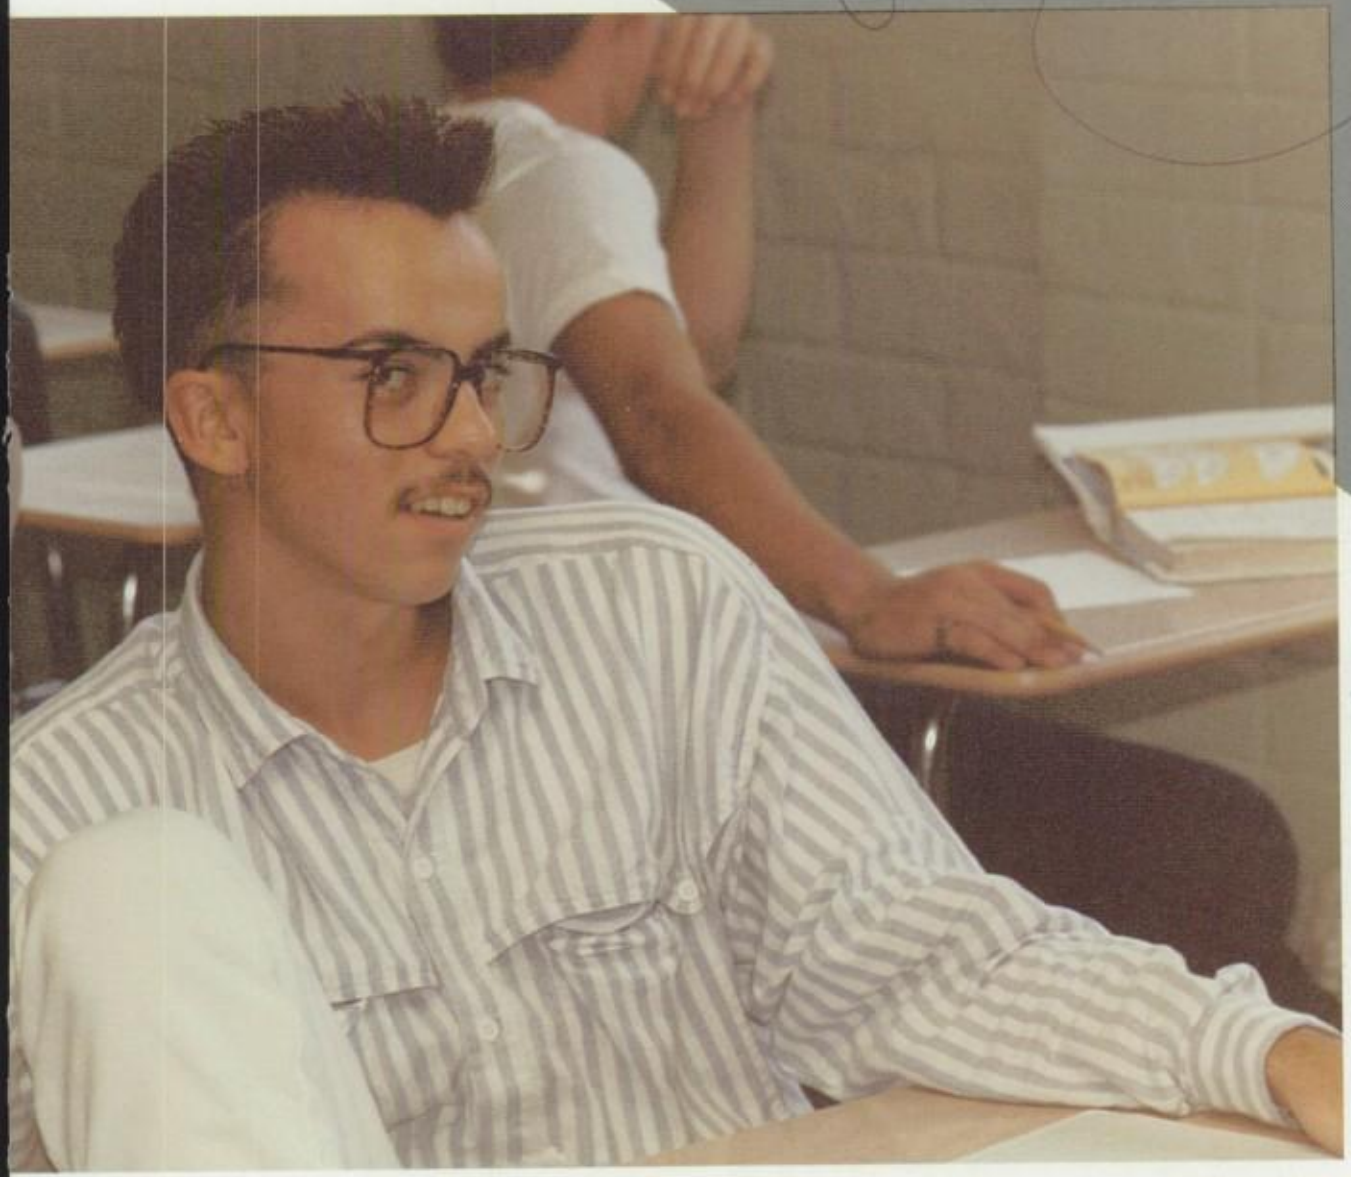
It was a typical day at El Rancho High School on October 1, 1987. Suddenly, at 7:45 a.m., without warning, the ground shook, walls cracked, the power went off, and students hung on to each other for dear life. This was an earthquake, followed by a series of others, which was 5.9 on the Richter scale, centered in the Whittier Narrows area.

The administration, along with both the staff and students, handled the difficult situation with tranquility. It taught all involved that we live on an active quake fault and must plan for such a natural occurence. Analyzing our needs, the administration planned for subsequent drills and assignments.

Fortunately, El Rancho has a food supply on campus to feed the student body, staff, and administration for up to three days. This, along with specific planning, eased any difficulty for El Rancho in the wake of a future disaster.



Make It Happen



It was obvious that the energy and enthusiasm of the E.R. Dons made it happen for everyone this year. Everywhere you looked, whether it was in the classroom, in the Quad or in the football stadium, people were having a great time. Although school should always be taken seriously, life was meant to be enjoyed.

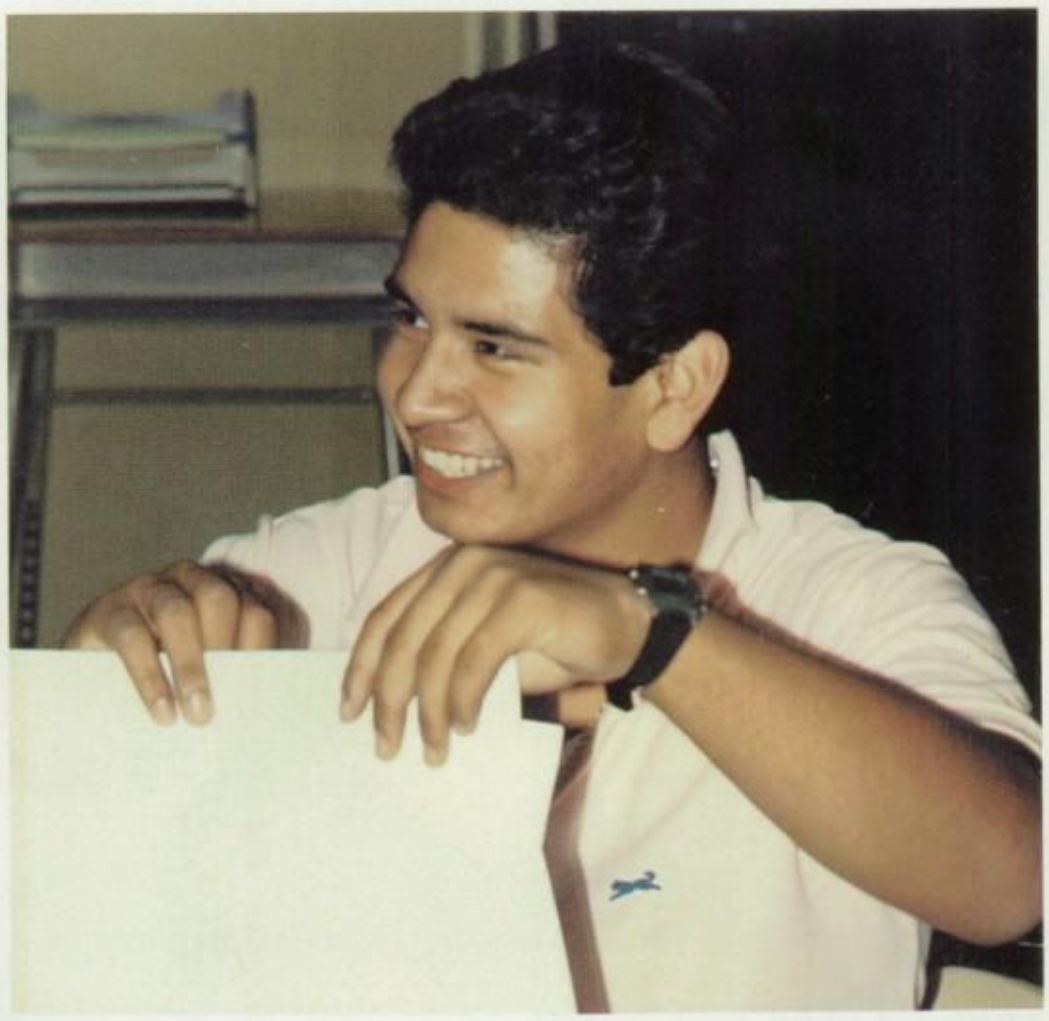
After looking at all the smiling faces that walked through El Rancho, no doubt existed that the '87-'88 year was full of fun times and great memories. Even in the classroom, where the atmosphere is sometimes less than exciting, students seemed to be enjoying what they were doing. What it all boiled down to, was that the Don spirit continued to live on and everyone was a part of it.

Nobody ever said that life was easy, and that certainly holds true when you talk about school. Although the time spent in high school can be a bit frustrating at times, the people who make up the school can sometimes ease the pain and agony that come from doing school work. This is true at El Rancho, where people work hard year round to make exciting things happen. Students, as well as teachers, inside and outside the class, think up new and exciting ways to make school the best institution possible.

El Rancho students know the meaning of hard work and they know what comes along with it, Success. Working together to accomplish goals is something the Dons have turned into an art form. The success E.R. students achieve while at the Ranch, as well as in their post high school years, is a result of all the frustrating, agonizing, and painful times experienced during high school. Most people may not admit it, but the tons of homework teachers assigned, which was always a drag to do, eventually pays off when you realize you have made "it" (whatever "it" may be) happen for you.

Going through four years of high school and surviving is quite an experience. Not only do you make friends and memories that will last a lifetime, but you begin to experience what life is all about. It is during these important days that people really start to fully develop their personalities. It is also the time when teenagers slowly mature into adults. They develop their sense of morals and begin to understand about pride and honor. After four years of adding to the E.R. tradition, people, who walked the halls of this school, know where their home and heart is. the pride and honor of El Rancho that has grown in each one of them lasts as long as friends and memories. El Rancho will forever be the home of a Don because once a Don, always a Don.

Get Excited



People at the Ranch didn't need someone to tell them to get excited, because they already were. Dons screamed with enthusiasm and practically burst from so much energy. Pep rallies and football games were the best places to catch some of that E.R. spirit. Those noisy, crazy and exciting competition pep rallies, with all their colorful grandeur, captured the thrill of being an El Rancho Don. To show that Dons supported their school with great enthusiasm, fans of the El Rancho football team attended the games, by the bunch. Because of all the excitement that surrounded this sport, the players were able to go on to the field feeling confident that they would win, partly because they knew there was a great crowd on the stands supporting, screaming, and leading them to victory.

The '87-'88 school year was absolutely a fantastic time to be excited about everything, but especially excited about being a Don . . .

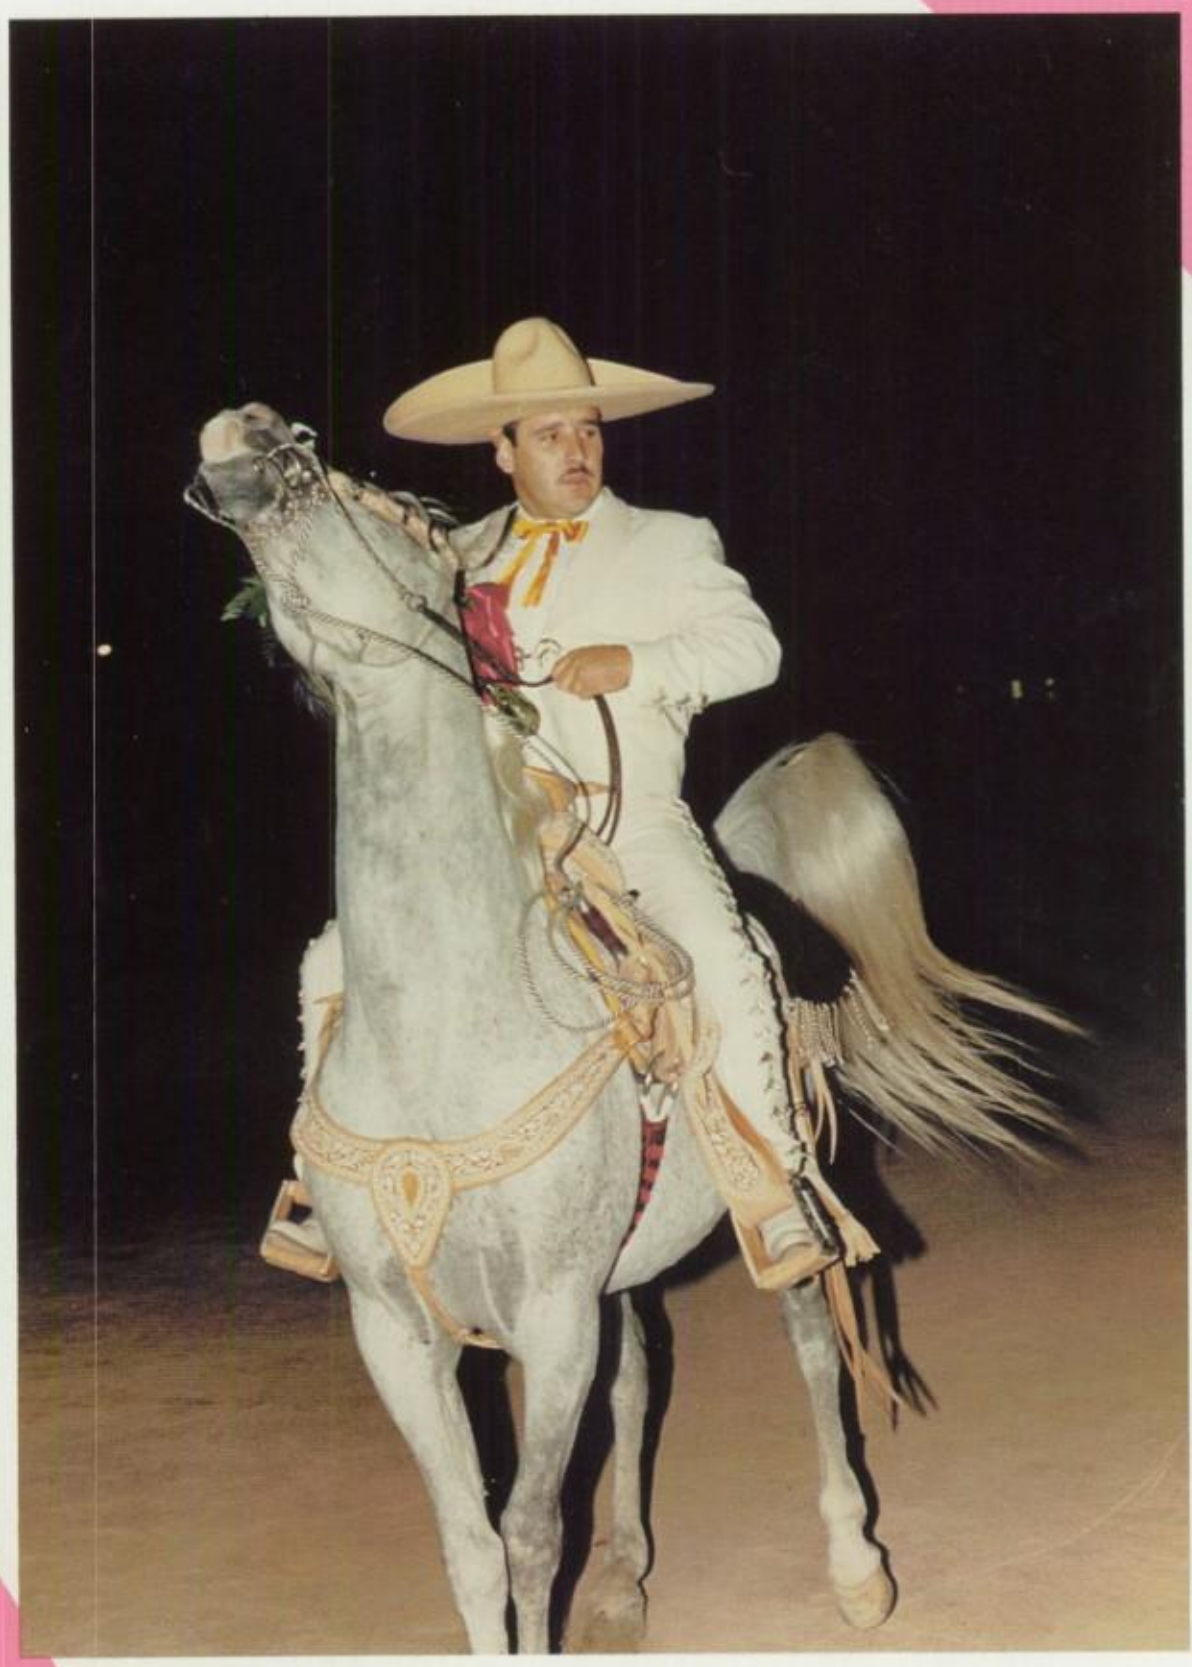
The course of study we've had to travel this 1987-88 school year was often referred to as endless and dull, yet our heavy load was often made lighter by our ever present long chain of exciting events. Each class has been essential in making every event a success.

Quick on their feet, the Freshmen class led the Welcome Assembly with their roaring cheers. Demonstrating their great enthusiasm, the Seniors came in second place. At the Night Pep Rally, the Sophomore class was a big hit and took second place as they explored the age of hippies. Doing what comes naturally, the Juniors rocked at the pep rally as they brought back the sock hop times. Working and laughing together, the Dons have made E.R. what it is.

Are We Having Fun Yet?



Times have changed around us. Styles change, language changes, entertainment changes, and activities change, but never has the world ceased to have a good time while it did. Keeping up with the times, the blue and grey knew how, when, and where to celebrate and enjoy themselves.

Is the fact that E. R. has quickly grown and become not only an institution of learning for the Dons, but also a place to socialize and have a good time, not reason enough to celebrate? Yes, among the many fun filled events this year were the Welcome Assembly, the Night Pep Rally, the Girls League Winter Formal, Coed Capers, Powder Puff and the Prom.

Like each day, every activity has been unique and overwhelming.

E.R. has remained a truly admirable school.

Seniors' Party Comes Alive

It has been my biggest honor so far, representing the Senior Class as president. I truly believe that the Class of '88 is the best class the Ranch has seen in quite a few years. No person will leave the Ranch without four years of good memories. The friends we have made will last a lifetime.

I would like to thank the seniors for always giving their support when I needed it. I would also like to thank my cabinet for being so spirited and encouraging, and our class advisor, Mr. Wlasick who has been more than just a teacher; he's been my best friend. Last, but not least, I'd like to say thank you to Miss Ellis for being such an inspiration to me.

Well, seniors, the time has come and gone, and we'll never pass this way again. May the spirit of '88 be with us always.

Sincerely yours,

Seniors Dominate In '88

As the Class of '88 departed from El Rancho and boarded the new train of careers, goals, and opportunities, along with them they exhibited the hardships and victories each Don must posses and endure.

Being a Don was not all fun, celebration, and partying. It took a lot of growing up and experiencing in the process. Whether it was losing a football game, wrestling meet, or missing that winning basket, the seniors knew they had a reputation to live up to and they had to keep on building and adding to it. As the seniors waved their last good-bye to the Ranch, they were greeted with a hello from life, which took them on numerous adventures, setbacks, and overcomings. All aboard the train of life!

A proud senior, **Letty Lopez**, displays the spirit of '88. The Night Pep Rally brought victory once again to the Senior Class of 1988.

"Animals" Party

The Senior Class really dared to be different. Our class truly showed their ability to differ from all the other classmen. Our ability to strive was also something that made us different. We achieved at such tests as the SAT and the CAP. Throughout the four years here at El Rancho, the seniors have proven that they have what it takes to be better than the other classes. Our class showed their dedication to the school by being loyal and respectful to the people who make our school what it is. Each one of them has made E.R. into the good school that it is. The people we met and the people who made up our environment helped make us into the people we became. The things that we learned everyday helped make us different from others. In the years here at the Ranch, our minds developed and learned to store much information. As seniors, we pushed ourselves to learn more and to go further in life. We learned to stand up for what we believed, and we learned to go after the things we wanted. We were taught to never give up, to always put up a fight, if what we wanted was right. Our ability to push ourselves further in life put us ahead of all others.

We entered El Rancho as young and naive fourteen year olds. Our minds were on just getting through high school. As freshmen and sophomores our goal was to be juniors and seniors so that we might go off campus for lunch. As juniors our goal was to begin planning our futures. As seniors we put the final touches on the plans that would remain with us for the rest of our lives. We were unique because we knew what we wanted, and where we were going. We have proven ourselves to be special and intelligent. We have proven that no matter what color we were or where we were born, we were all equal. The Senior Class of 1988 has proven, not only to the underclassmen and faculty, but also to other schools that we were unique and special. The Class of 1988 was truly a "cut above the best".

Class Leadership

Coming back to the Ranch in September, the seniors approached their last year here with a different frame of mind. Summer was over and it was time to let their maturity and experience cultivate. Class leadership and having an open-minded view of life set them aside from all the rest.

Denying and protesting the originally planned Senior Class picture showed individualism as well as perseverance. Since demonstrating their emotions, the seniors showed how they wanted what was essential to them, and produced eminent results.

After graduation, the world would be aware and prepared for the Class of '88; they showed class leadership and are not followers, but leaders.

***Ruben Leon** enhances his knowledge by devoting his attention to the instructor. Leaving El Rancho, all seniors took a certain degree of self discipline with them.*

Our long time plans to our futures are now in action. Many have worked on these plans as early as their freshman and sophomore years. Some have worked on their plans from the beginning of their Senior year. Well, it is now time to put them to use.

Many of us will go onto college while others will join the service. Some will go to work full time and some will start their own families. Our ideas that have been put together to form a whole, our futures, are now being used by us, the Class of '88. We have worked these past four years in order to make these plans come true. Some it took four years to draw up the master plans while others it only took a year or half a year. Each of our futures had a lot of time and thought put into it. We each have lain awake in our beds wondering whether our decisions were right or wrong. We lay awake wondering "where should we start from and will I succeed in my plans". These are all common questions that we have asked ourselves and our peers in the past.

We as graduates from El Rancho High School and as the Class of 1988 know exactly where we're going and what we're going to do with our lives thanks to the faculty and administration of El Rancho High School. We are all not only goal setters but also goal accomplishers. Good Luck to the Class of 1988 in the plans we have all set.

Memories Mesh With Future

Patiently, **Vincé Vasquez** programs her computer. The Senior Class worked extremely hard to make the year full of memories.

Pep rallies, football games, dances, and walks to Taco Shack have finally come to a conclusion for the Class Of '88. It seemed as if yesterday was their first stroll down the Quad on the first day of school. New friends and different environment from Junior High were drastic changes.

Whether it was filling out college applications, getting ready to work, or taking a breather after high school, each senior had his future planned out. Yet unsure of what lay ahead, knowing that they survived what high school had to offer was a great accomplishment.

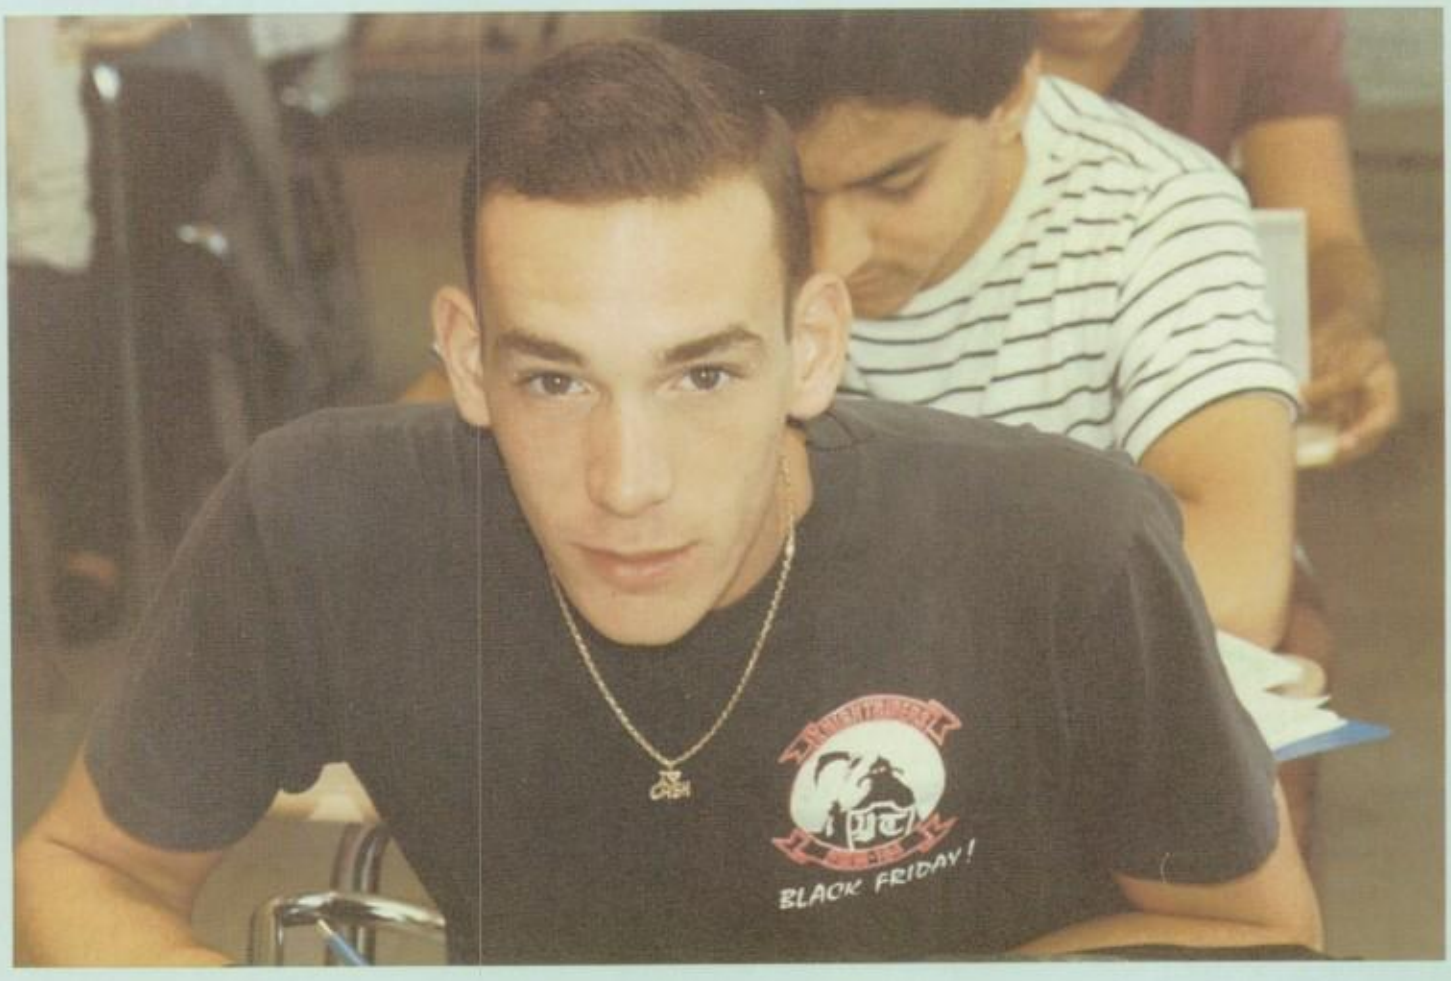
The occasion arose for another Senior Class to say farewell. This wasn't just another ordinary group of kids who came here to the Ranch as scared wide-eyed freshmen. It was time to celebrate all the hard work and dedication each student strived for throughout high school. Emitting shouts, hollers, and roars, this class made their presence known by capturing first place as Freshmen in the class competition at the Welcome Assembly. Earning admiration and respect, they received "Class Of The Year" for two consecutive years. From this day forward the Senior Class bequeathed their mark as the "rough n ready, rowdy" Seniors to watch out for in the coming years.

A Senior commitment to the Class of '88 was not just fun and games. Academically, long nights and plenty of coffee played a big role in their four successful years at El Rancho. Participating in decathalons and debates, they showed dedication and demonstrated that not only were they loud and rowdy spiritedly yet academically as well. With the celebration of balloons confetti and streamers came the proclamation of being proud to be a part of the Class of '88.



***David Russell** prepares himself to answer a question. The Seniors prepared themselves to go out into the real world by concentrating more on academics.*

Board Brings Commitment And Experience

Raul Salcido- President

Frank Boyce- Vice-President

Motivated by their concerns for the community and to children, seven selfless individuals banded together to form the El Rancho Unified School District Board of Education. This group made all major decisions for the District based on input from the Superintendent, the students, parents, other members of the community and on professional advisement. Their expenditure of time and energy went far beyond the semi-monthly formal Board Meetings. Attending school and community functions, listening to complaints and suggestions from the community and investigating the issues at hand occupied much of their other time. Their dedication was edifying and praiseworthy!

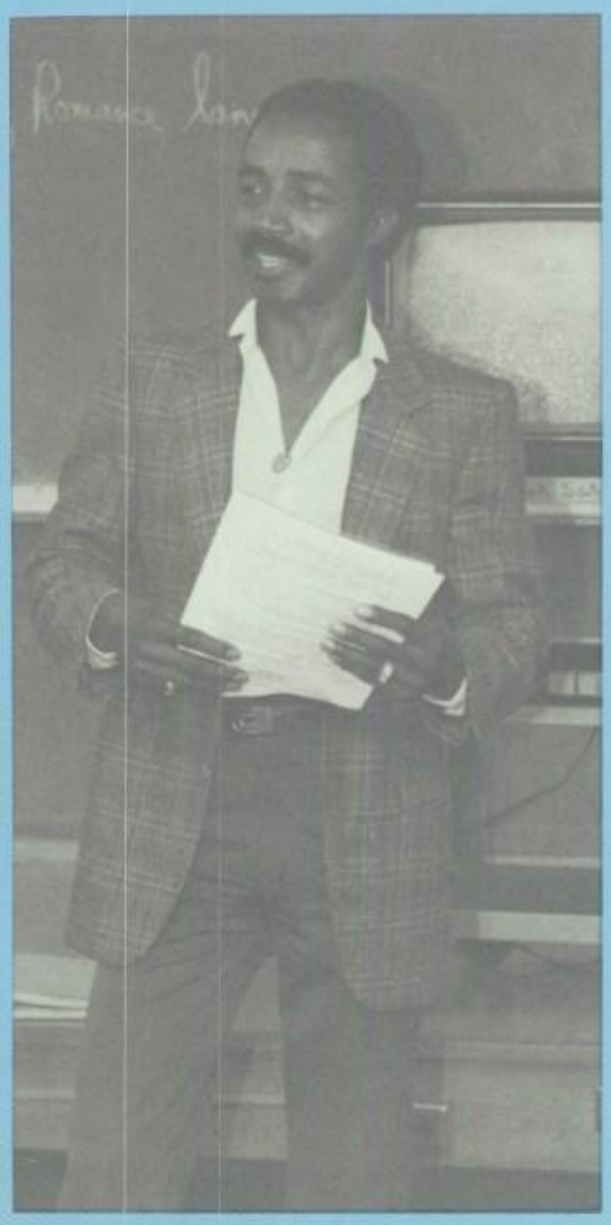
Attributes Give Rise To Celebration

The teachers and staff here at El Rancho are very special persons. From first year rookies to thirty year plus veterans they bring very important qualifications to the task at hand - that of educating the youth of this community. What are these qualities that can make the teacher so influential with his students and so successful in imparting the knowledge in which he has been trained? According to Della Bruhn, an Honors English instructor and speechcoach, qualities of a productive teacher should include patience, love of learning, belief in students and hope for the future. Admittedly this is a large bill to fill, but daily striving towards these attributes gives teachers and pupils alike a cause for celebration.

Social Studies Department (L-R) Front Row: Victor Gonzalez, Maureen Hourigan, Dept. Chairperson, Carolyn Martens, Gail Dubell, Anna Garcia, Ben Meza. Middle Row: Ben Rich, Otis Wright, Jim Dyson, Jim Rojas, Max Olson, Doug Anderson, John Rogers, Robert Fitzroy, Robert Lum. Top row: Dan Yoshimoto, Harry Veale, James Halley, Joe Osterman.



Obviously enjoying his U.S. History class, Robert Lum shares a light moment with his students. Good support between teacher and students helped insure the unity important to sharing the E.R. pride.

Law enforcement instructor John Dredd prepares his class before viewing a relevant videotape. A correct combination of lecture and visual approaches contributed to a dynamic learning situation in many classes.

Human Qualities Are Paramount

"My belief is that a most important quality for any teacher is tolerance- understanding that there are one hundred fifty individuals, each requiring different amounts of time for learning," states Gordon Chamberlin who teaches science and coaches football. Rose Aragon, Instructional Manager of the Math Department, agrees with him and adds another attribute important to her. "It is important for teachers to have concern for their students and to enjoy their subject matter so they can generate enthusiasm for learning," says Ms. Aragon. Both of these instructors champion the belief that the human qualities are paramount in working with young adults. This tolerance and concern, combined with a zest for the field of study, has made all the difference in many a student's response to education.

Deep in thought, Mike Goff, wonders about the approach to his incoming Biology class. Many teachers, such as Mr. Goff, found time to participate in extra curricular activities as well as academics.

Giving an animated explanation in his Physics class, Mr. Devin, keeps his students motivated. Teachers at E.R. were enrolled in many education classes to keep their facts and techniques current.

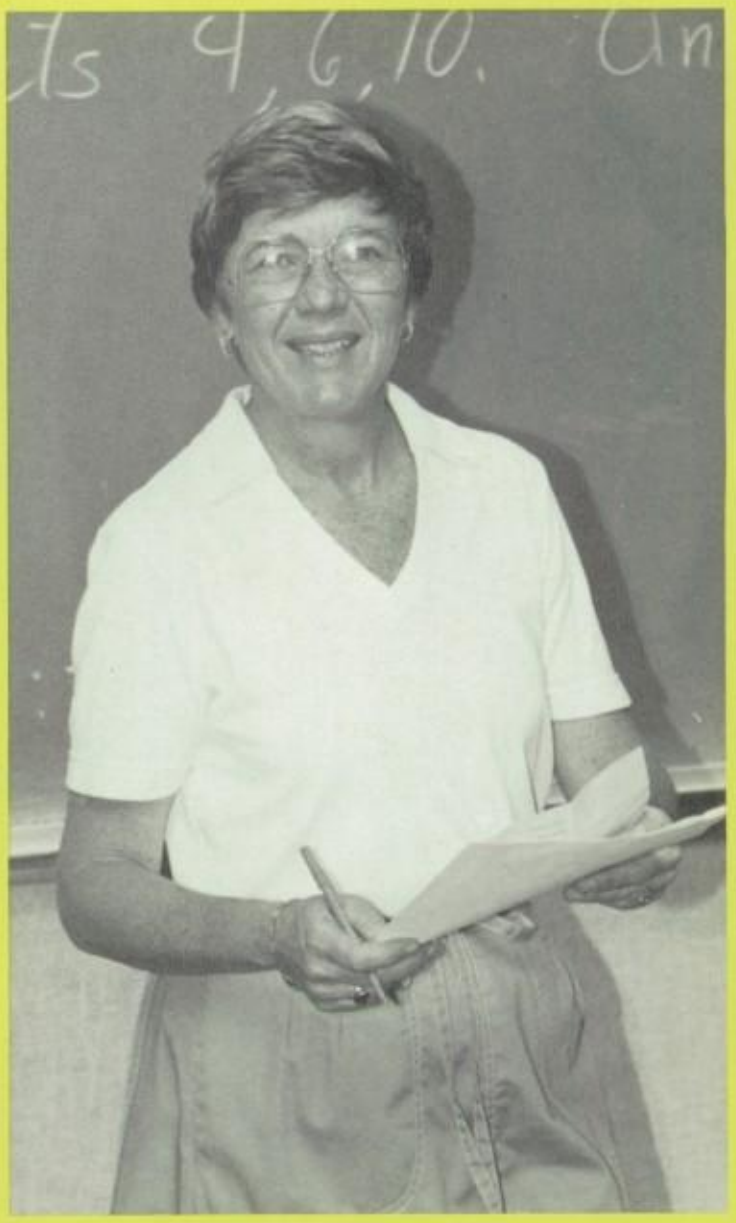
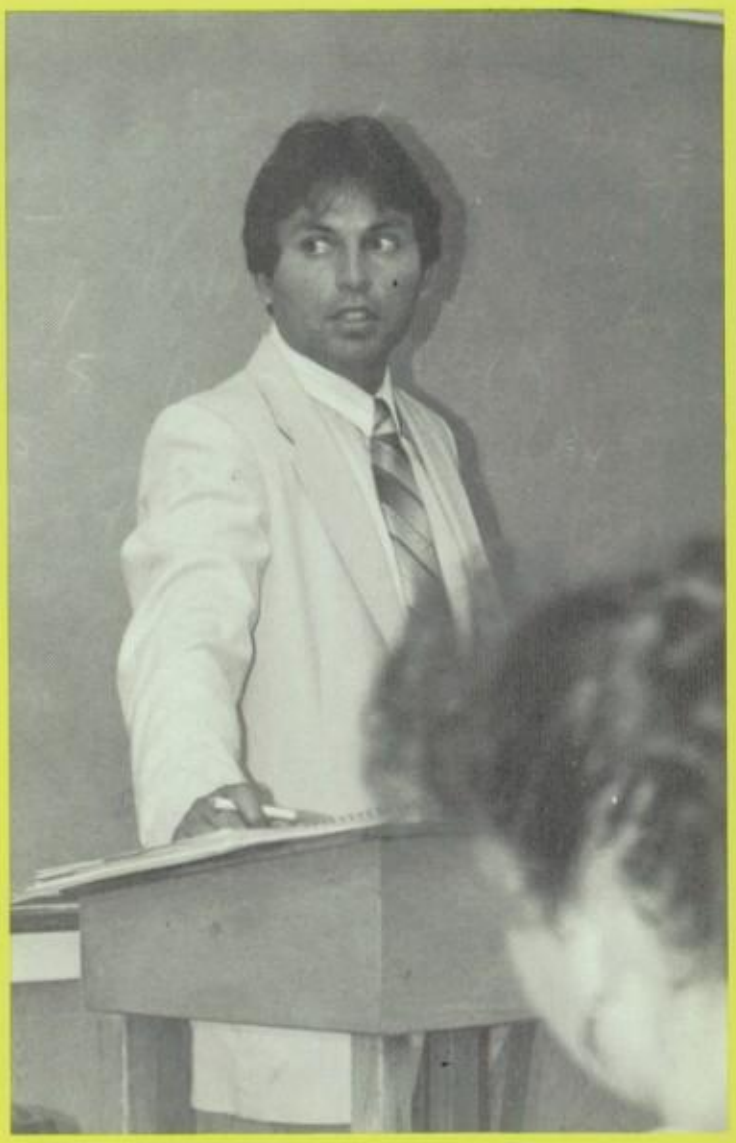
More Math Department members: Front row: Leslie Graves, Terry Tschinkel, Georgina Sweeney, Alex Dallas, Instructional Manager Rose Aragon; back row: Eugene Jasper, Joe Mayhams and Lynn Shapiro.

***Steve Ramsaur** does some "week ahead" lesson planning. In addition to his math classes, newcomer **Mr. Ramsaur**, coached J.V. Girls' Tennis.*

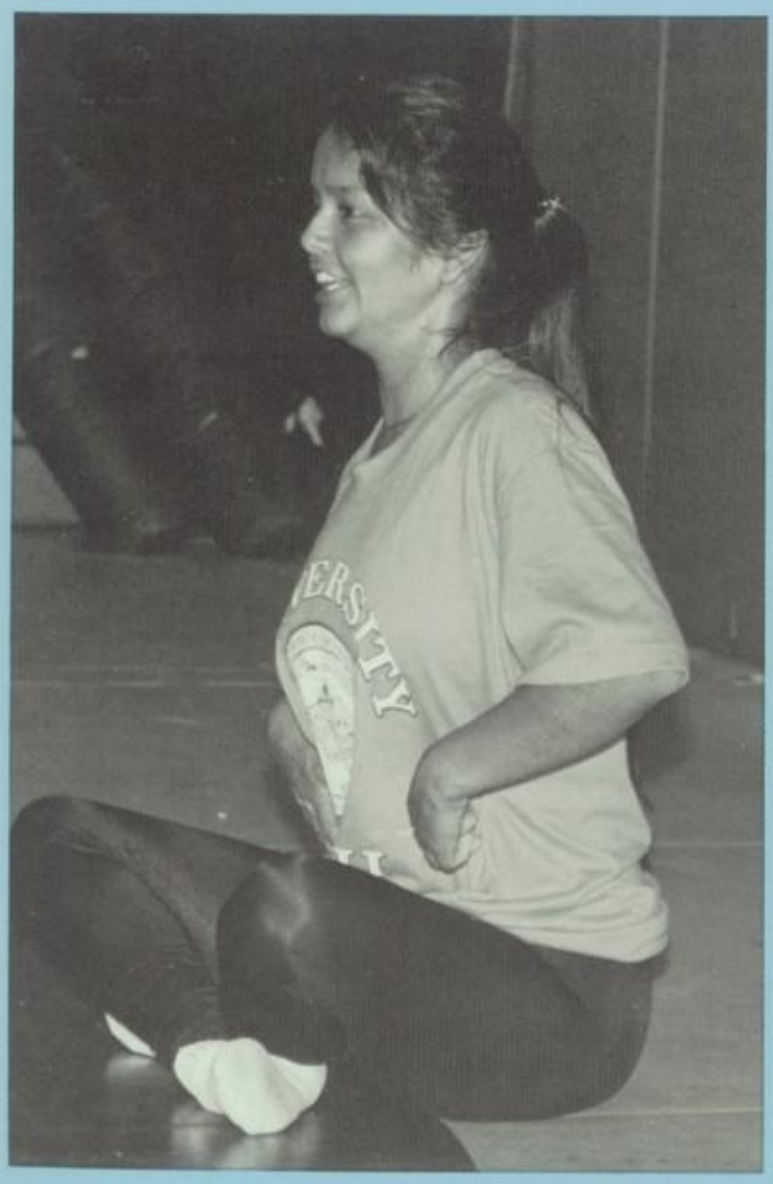


***Sally Yeager** reviews her notes before beginning a math lesson. Math was a three year graduation requirement.*



*Listening to a student's question, math instructor and coach, **Dave Aguilar**, begins to reflect upon the answer. Mr. Aguilar also served as a coach for extra curricular sports.*

Adaptability, Openmindedness And Classroom Management Rank



Positioning herself for an aerobics movement, Sandra Wilson demonstrates for her class. Ms. Wilson also directed the E.R. Choraleers group.

Fine/Performing Arts Department: Dan Yoshimoto, Barbara Marquet, Stan Wlasick, Vickie Chacon, Deborah Dodson.

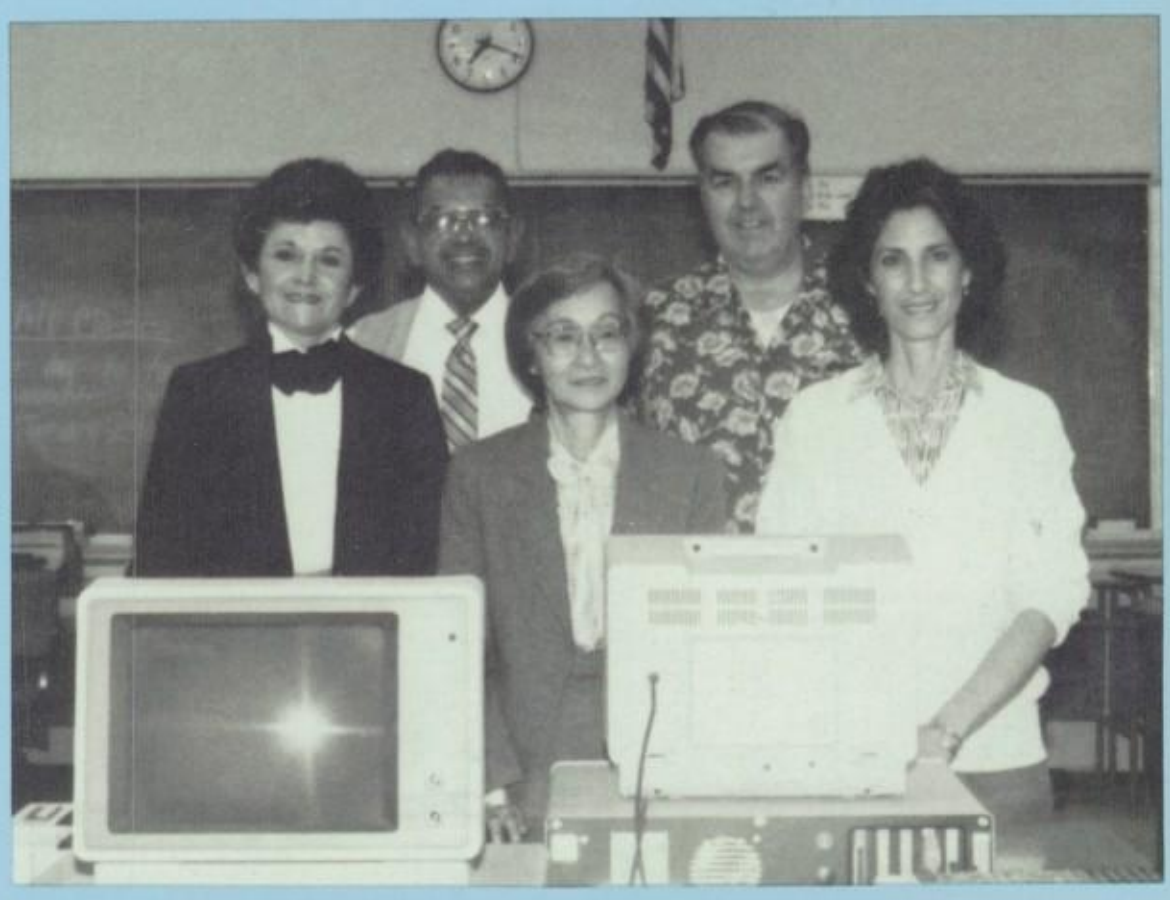
The '80's have been a decade of turmoil and change on the social scene, compounded by problems on the health and scientific horizons. Along with these conflicts are brought myriad dimensions in each young student's life. Rachel Brogelman, a Special Education instructor, believes, "A teacher needs to be adaptable to meet the needs of his/her students. It's an important quality to possess due to the complex nature of today's society."

Other qualities are seen as paramount to successful teaching by Ralph Myers, Business Department instructor, and Billie Davis, English teacher. While Mr. Myers affirms, "Important qualities: sharp eye, an opened mind, and an ability to control one's self. Without these three qualities we are doomed. Self-survival is the key to success, and a willingness to assist others." Mrs. Davis states, "One of the most important qualities a teacher can possess is classroom management. Without this quality teachers can't teach and students can't learn."

Special Education Department: (L-R) front row: Carol Stella, Jean Nathanson, Asst. Principal Anne Eichman, Debbie Noble, Violet Hernandez. Back row: Robert Turner, Rachel Brogelman, Carolyn Jontz, Cheryl Milas, Jerry Wechsler.

Consumer Education Department: Mas Sutis, Instructional Manager, Sharon Topping, Carol Hahn, Jim Marin, Dean, and Joyce Reyes.

Industrial Arts Department: Leslie Graves, Mas Sutis, Instructional Manager, Paul Patrich, Urbano Lemus, Joe Mayhams, Robert Guirado, and John Russell.



Business Department: Eve Dinsmore, Mas Sutis, Instructional Manager, Helen Becker, Ralph Myers and Terry Tschinkel.

Students Reflect Teachers

As a teacher it is so easy to become all wrapped up in your subject matter that you sometimes forget to allow your students to see you as a real human being with real emotions, ideas and goals. I think students need for us to share more with them than just the knowledge of our subject matter; because, whether we like it or not, students look up to us as role models. Students need for us to care enough to listen to them and to appreciate them for who they are. It is our responsibility to take the time to acknowledge them as worthwhile unique individuals. Our daily actions and attitudes are a major influence in the shaping of our students minds and lives; for, it is in their behavior, self-image and personal goals that we see the reflection of not only their families and friends, but, of ourselves.

Angela Beni,
Modern Language Instructor
Spanish Club Advisor

Physical Education Department: Bottom row: Joe Alvarado, Instructional Manager Don Peterson, Mike Forge, Steve Hartman, Dan Marshall; top row: Karren Morehouse, Yolanda Jauregui, Stephanie Green and Janet Berardi.

Foreign Language Department: Front row: Julieta Graff, Instructional Manager Mildred Pulido, Maria Carmenaty; back row: Diana Malazian, Edwina Rollo, Angela Beni.

Bilingual Department: standing: Maria Carmenaty, Instructional Manager Mildred Pulido, Natalie Vazquez; seated: Dan Yoshimoto, Lydia Manjarrez, Al Osuna and Joy Tanigawa.

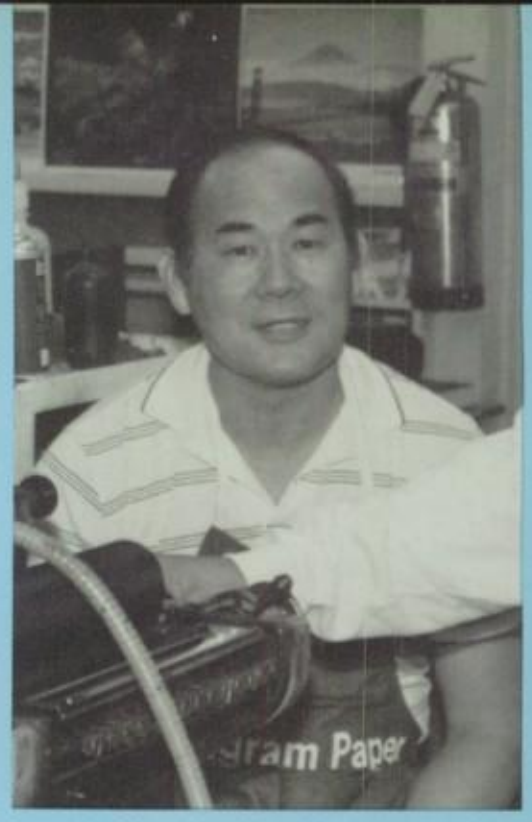
Vividly pointing out the theme on a ***Romeo and Juliet*** *handout, Billie Davis gets her message across. Mrs. Davis and other English teachers delved into the realm of Shakespeare with their classes.*

Wondering where the next assignment is coming from, Chris Whalen takes up a collection in Sophomore Team. Mr. Whalen also served as Chapter One resource teacher.

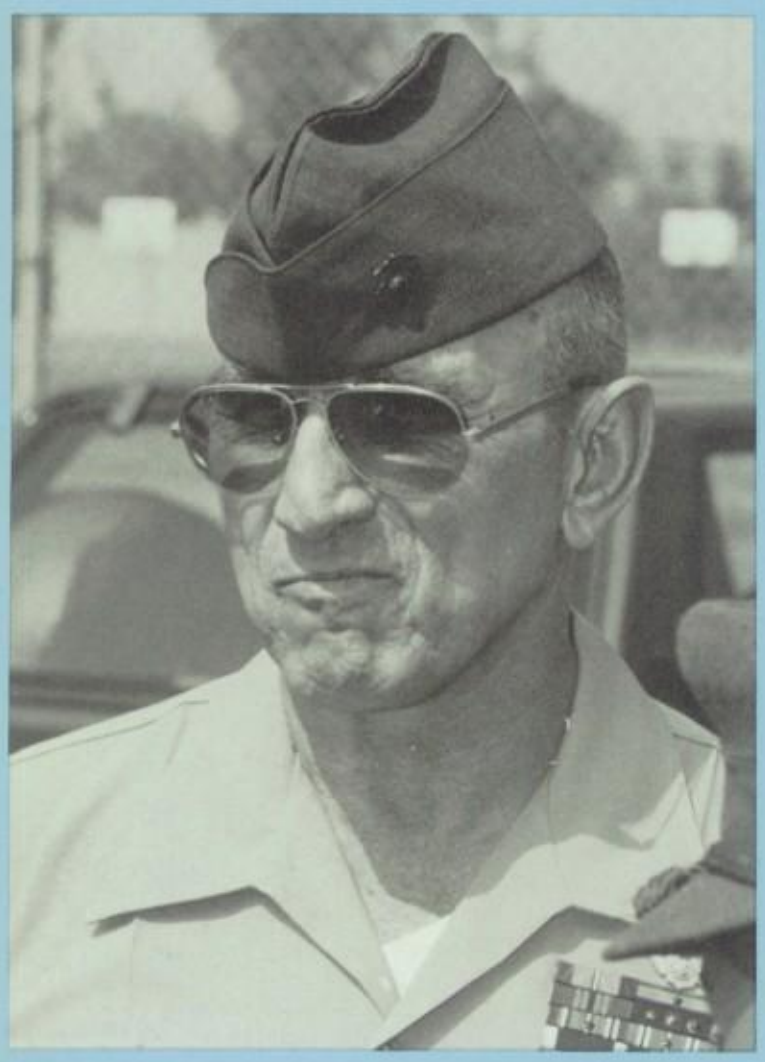
English Department: (L-R): Maria Carmenaty, Val Konces, Barbara Miller, Judy Davis, Second row: Della Bruhn, Kathy Beck, Carol Restovich, Marie Borchardt, Laurie Lane Fuller, Gail Dubell, Connie Battu. Back row: Patricia Russell, Debbie Samarin, Carolyn Clemons. Asst. Principal Anne Eichman, Instructional Manager Gary Barton, Greg Galleon, Tim McMullen, James Halley.

Caring Corners The Charts

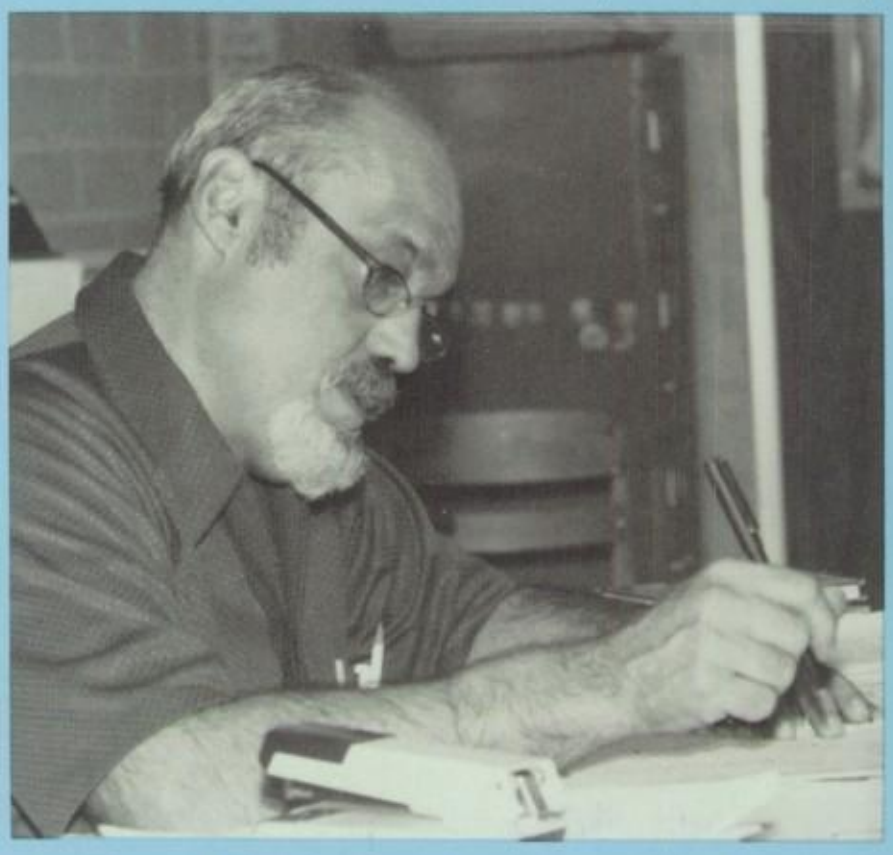
*Both **Ben Meza** and **Carolyn Martens** of the Social Studies Department demonstrate that humanitarian principle so evident in many of the staff here at the Ranch. According to Mr. Meza, "Caring about your students is the most important quality a teacher must have. One must care enough to be firm when necessary as well as give praise to students for work well done." Echoes Mrs. Martens, "I feel the most important quality a teacher can possess is caring. When a student knows a teacher is concerned about them personally as well as educationally, the student will be more productive and will develop a more positive self-image."*



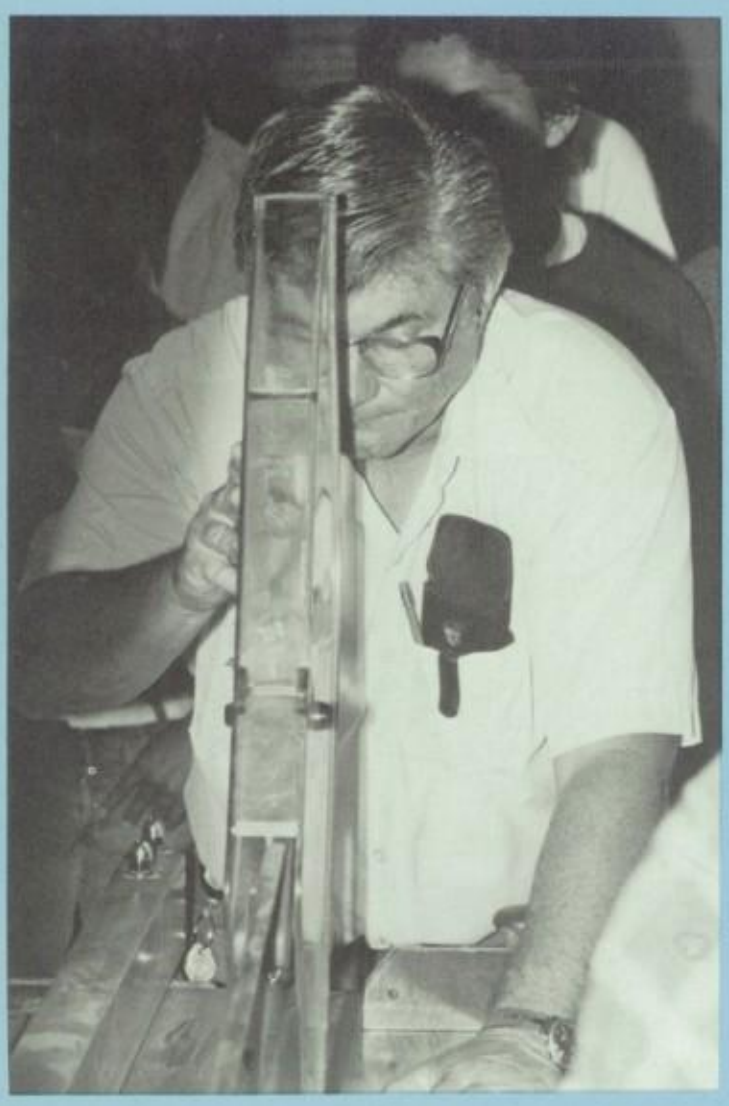
***Mako Tashima** enjoys working in the printing shop. Many of the school papers and bulletins were produced in his shop.*



***Seargeant Miller** points out the importance of pride and honor. The cadets learned about discipline from their ROTC Marine instructor.*

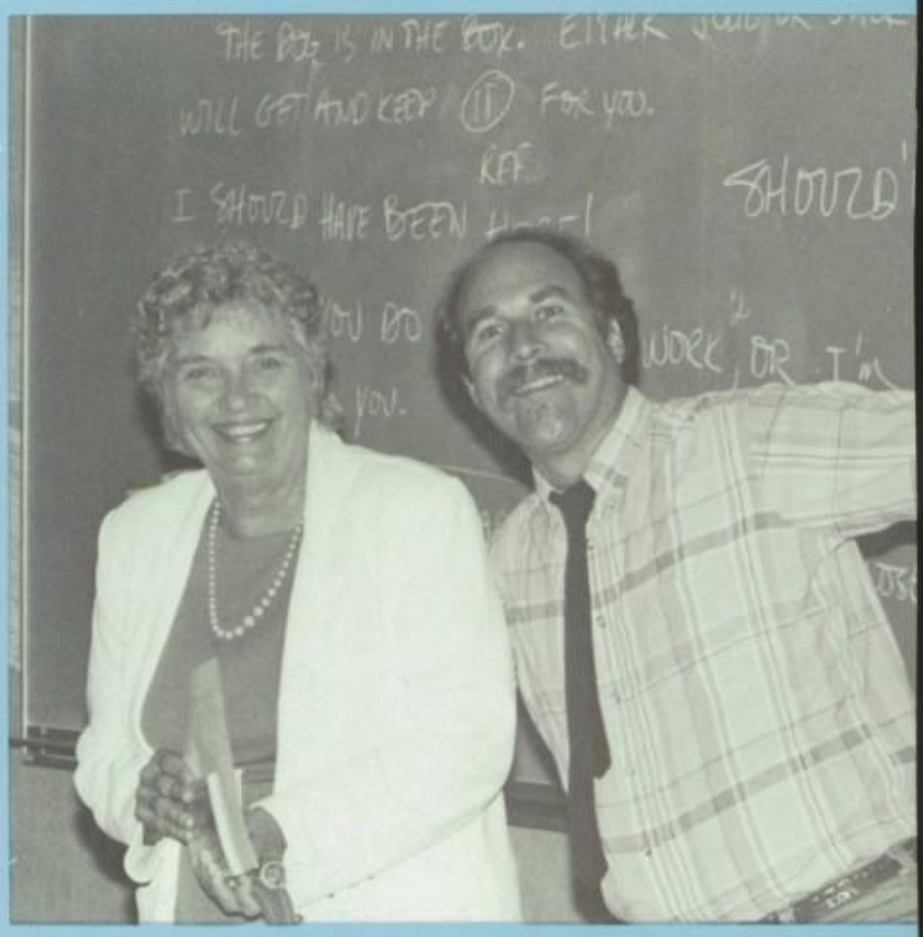


***Bill Hightower** tackles a job only too well known to English teachers. Correcting papers efficiently took a great amount of creating thinking.*



*With a sharp eye for precision, **Paul Patrich** attempts a sensitive wood cut. His industrial assignment was divided between wood and architectural drawing.*

***Barbara Miller**, **Tim McMullen** and **Doug Anderson** make Junior Team look like a barrel of fun. The Honors Program prepared many college bound Dons for their future educational plans.*



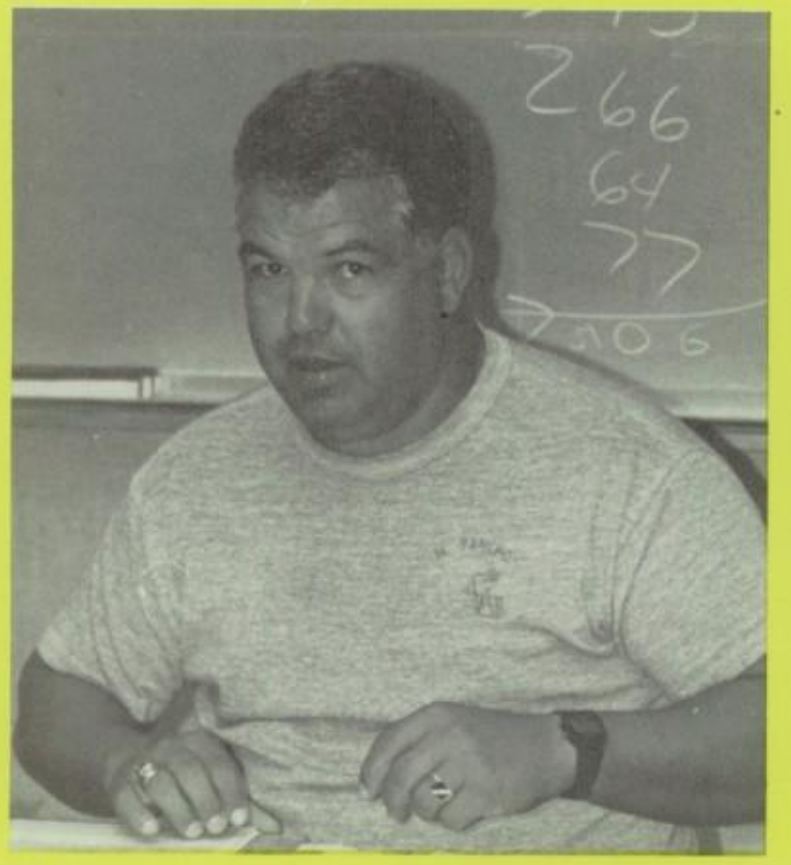
*Clowning around to illustrate a safety principle, **Urbano Lemus** stresses its importance in auto shop. Classes in industrial arts helped many students prepare for their future careers.*

*Obviously relishing her 9th grade Social Studies assignment **Anna Garcia** prepares some review work for that class. **Ms. Garcia** also taught bilingual classes.*

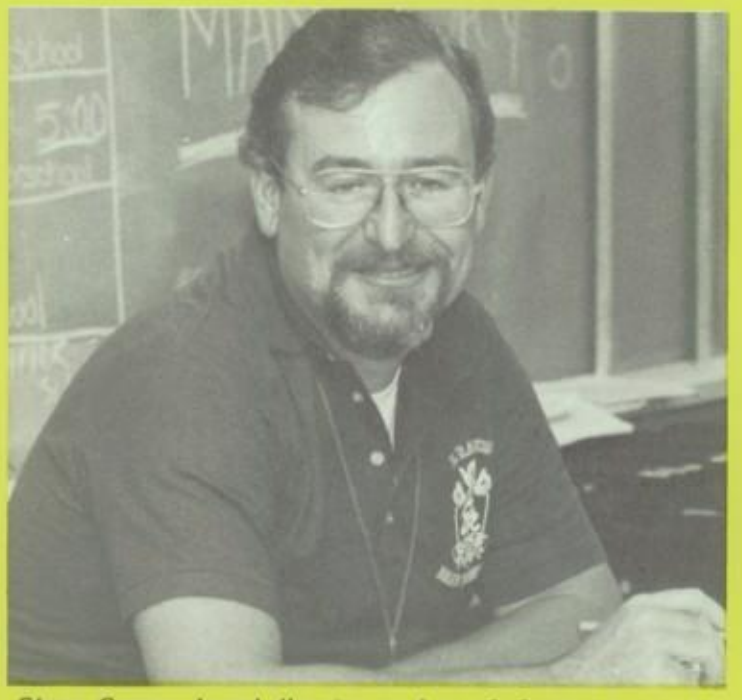
*With the Health Office one of the busiest places on campus, it's a wonder Nurse **Dolores Medrano** can find the time for a chatty smile. Students visited her office for a variety of reasons.*

*Following up her lesson, **Beverly Bradshaw** distributes work sheets to her special education students. All of these students were mainstreamed for a portion of the day.*

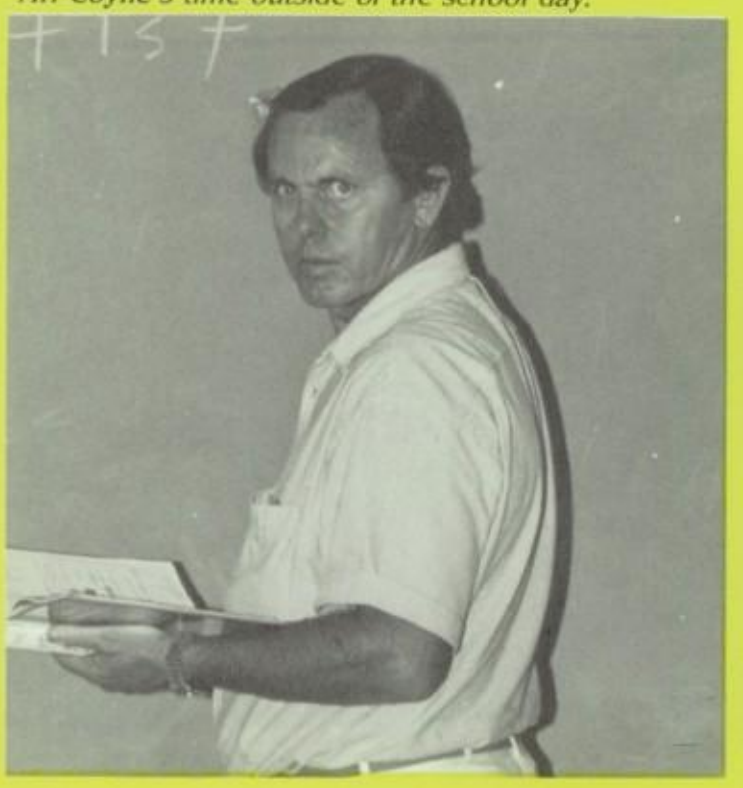
***Barbara Rogers** shows a student the right way to answer the question. Patience was a valuable quality of the El Rancho teachers.*



Nick Caputo *checks his seating chart during his first period World History Class.* **Mr. Caputo** *taught math and P.E., and coached the wrestling team as well.*



Steve Coyne, *band director and music instructor, calculates strategy for his next parade competition. Duties and responsibilities involved with this job consumed much of* **Mr. Coyne's** *time outside of the school day.*



Beginning a lesson in General Math, **John Russell** *goes to the chalkboard to illustrate a concept.* **Mr. Russell** *also taught Mechanical Drawing.*

Emphasizing a point, **Georgine Sweeney** *captures the attention of her Algebra 2 class. The Math Department was strengthened by teachers who taught exclusively in that department.*

Of all the qualities a teacher should posses, patience is the most important. Patience is the willingness to wait and prevail while the process of learning takes place. A teacher may possess the knowledge and pedagogy to teach a particular subject area, but without patience will never successfully communicate it to the students. Teacher patience provides every student the opportunity to learn and develop unthreatened by the unknown. Patience affords every student to progress as an invididual with unique needs and abilities. This quality provides the teacher necessary feedback regarding the success of the teaching method and technique being applied. Patience allows the teacher to listen to the needs of the invididual student. A patient teacher is able to endure the painstaking process of imparting knowledge, sometimes, (if not frequently) under adverse circumstances. Patience for a teacher is not only a virtue, but a necessity of profession.

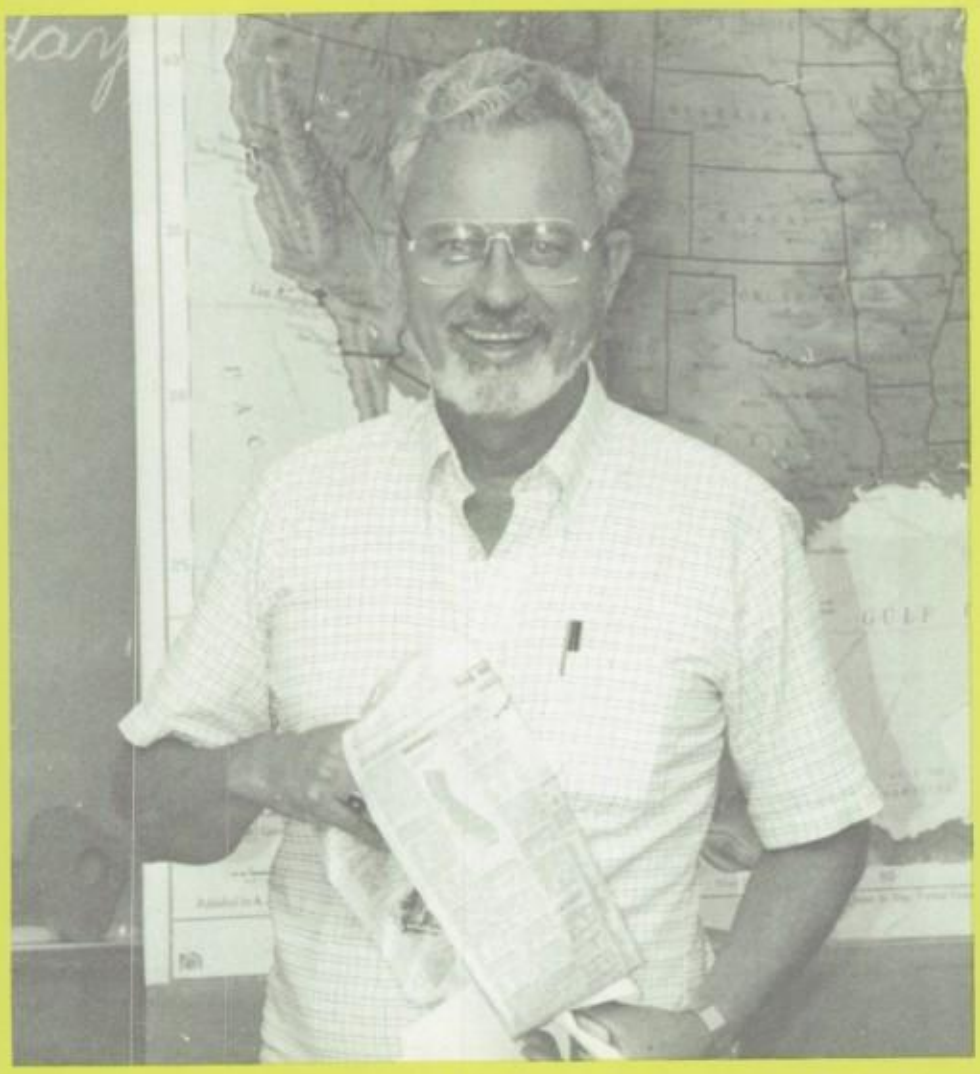
Al Osuna-Foreign Language and Bilingual Instructor

Joe Osterman, Chris Whalen *and* **Jim Dyson** *give Sophomore Team a lively introduction to a new unit. World History was covered in this class.*

Lecturing from her notes, **Kathy Lund** *brightens up her science class. Science was a graduation requirement for all 9th and 10th grade students.*

Can You Laugh???

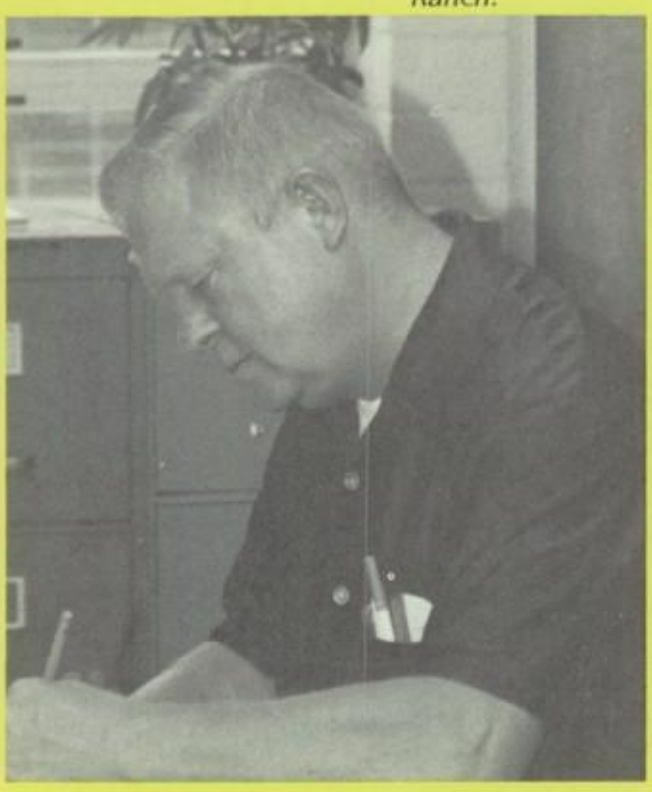
*Selecting the all-important quality necessary in successful teaching is no small task. Dedication, adaptability, organization, self-discipline, a sense of humor, consistent classroom management, creativity and resourcefulness, concern, understanding and good communication skills are all important. Although knowledge of subject matter is necessary, **John Russell** of the Vocational Education and Math Departments says, "Knowledge of subject matter is not enough. In order to be effective a teacher must relate positively to students. A good teacher is viewed by students as a "real" person who cares whether they learn." To care on a "day in and day out" basis requires much character in itself. Perhaps **Yolanda Jauregui**, P.E. instructor, summed it up best of all when she answered the most important quality question with "patience, perseverance and the ability to laugh at yourself." Start laughing!*



Mr. Woida supports his argument by showing the evidence. He was a member of the Special Education Department.

*Taking time out for a little "R & R", **Captain William Steinken**, AKA "The Duke", enjoys his colleagues. ROTC has long been a laudable program here at the Ranch.*

*Laughingly, **Harry Veale** stresses a point in Applied Psychology. Mr. Veale's method of "textless" teaching intrigued students.*



*Concerned over a particular student's absences, **Lyle Bollum** checks his attendance roster. Regular attendance was supported by community, administration, and staff.*

*Enjoying his computer-based organization, **George Skyles** checks for the latest incoming periodicals. Under Mr. Skyles' direction the library made many helpful acquisitions.*

Administration Supports

This year's Administration gave the support and guidance the student body needed to make this year the success that it was. As principal, John Sherman kept the school running in order to benefit each and every student. This year also said good bye to Assistant Principal Bill Bertrand, as he took the office of Principal at Salazar Continuation School. Filling the position of Assistant Principal of Guidance was Harry Yessian. He joined the very capable cast of Assistants along with Julie Ellis and Anne Eichman. The Administration as a whole worked hard dealing with the problems that arose daily. To help the students and to keep up the tradition of providing a quality education here at the Ranch were a main concern throughout the year for the Administrators. Their efforts and dedication were deeply appreciated.

Julie Ellis- Asst. Principal, Activities

Together for the last time at El Rancho, Asst. Principal Harry Yessian and former Asst. Principal Bill Bertrand take time out to reflect on their past years together.

Welcoming the students back to the Ranch, Mr. Sherman goes over a few rules. Making sure students followed rules was a big part of his job.

Anne Eichman- Asst. Principal, Curriculum

Bill Bertrand- Former Asst. Principal, Guidance

Robert Gilliland-Psychologist

Dr. Robert Hayes-College/ Career Counselor

Patti Coyne-ESL/Work Experience Counselor

Assistant principals **Julie Ellis** and **Anne Eichman**, AKA **Junk Food Julie** and **Addled Annie**, pitch right in to prepare breakfast for the staff. This pre-Christmas annual event was attended and enjoyed by many classified and certificated employees alike.

Now it is time to give recognition to the people who keep El Rancho running. They are the individuals who work for the benefit of no one but the students. For example, some of the Administrators who helped run the school were the Dean of Attendance, who stressed the good attendance of the students, the Psychologist, who gave one on one advice to students who might have a problem, the College/Career counselor, who helped many seniors make very important decisions concerning their future, and the Deans who were in charge of maintaining the disciplinary principles. In addition to these administrators, the counselors provided a strong support staff with guidance, understanding and class scheduling.

To my fellow Juniors:

It has been a great year for us all. We have been through many good, as well as bad, times. I am greatly honored to represent a class that has been outstanding throughout the year. As Junior Class President, this has been an unforgettable experience. The Class of '89 surely thanks our advisors, Miss Beni and Mrs. Malazian, for helping us throughout the year. I would also like to thank the people in Exec. for the help they have given me throughout the year. As we speak, in due time we'll soon be Seniors, but until then, let's live it up as Juniors!

Juniors Take Time To Remember Their Good Times At E.R.

The Junior Class of 1988 has come a long way since they entered high school as freshmen. They have learned the value of education and the need to improve their skills for a brighter future. Even though they lost at the Night Pep Rally, they still took a lot of their time and effort to make it as successful as possible. They tried to promote the Don Pride to all the juniors this year. As they look toward their senior year, they will try not to forget the great times they had as juniors at "The Ranch".

As the juniors wrapped up their third year of high school, they prepared themselves for next year to be recognized as seniors. Becoming seniors will be a big step in their lives. While many students will be preparing for college, others will be trying to find a successful career. Some students will be going to the football games, and afterwards, the dances, while others will be waiting patiently for the prom to arrive, and then the big day, graduation. To sum it all up, the students will try to accomplish whatever comes their way, and will try to become successful in the years to follow. The Class of '89 will always remember and cherish their memories from El Rancho High.

The participation of the Junior Class was overwhelming. They participated in the drill team and the pepsters along with sports, including football and baseball, etc. They also participated in clubs, and some were on the decathalon team while others were on the debate team. Even the students who participated in the pep-rally showed their school spirit by attending and rooting for their class. The involvement of these students with the school has made the Junior Class shine with pride. When they return next year as seniors they will accomplish much more than in the years that have passed. They will try their best in whatever they are committed to, because they are the Class of '89.

Ranch Style Royalty Reigns

Winterbelle Princess-Kim Arriola

*Sharing a memorable moment, **Elda Prieto** congratulates her sister **Connie** for becoming Winterbelle Queen. Elda and Connie were both pa of E.R.'s royalty in 87-88.*

*The crowning of Winterbelle Court is done by last year's Queen. Crowning **Rita Hinchman** brought flashbacks to Lupe Casillas.*

*Winterbelle Court nominees and escorts. **Marcela Arroyo, Sergio Garcia, Kevin Acosta, Rita Hinchman, Connie Prieto, Kim Arriola, Mark Carrillo, Catalina Delgadillo, Richard Pachas.***

Winterbelle Queen-Connie Prieto

Winterbelle Princess-Rita Hinchman

*Winterbelle Court- Princess **Rita Hinchman**, Queen **Connie Prieto**, and Princess **Kim Arriola**.*

During the month of January all the excitement took place. On the evening of January 22, 1988, the crowd roared for Don royalty. The 87-88 Winterbelle court was crowned during half-time of the boys' basketball game. There were quite a few candidates for the crown, but only three lucky girls were chosen. Although there was great competition among them, they showed great sportsmanship and the results were quite exceptional.

Anxiously awaiting a decision, the crowd grew restless. Finally after much suspense, Kim Arriola and Rita Hinchman were named Winterbelle Princesses. As is the tradition here at E.R., Lupe Casillas, the reigning queen of the 86-87, school year, found it was time to pass her title on to Connie Prieto, the new Winterbelle Queen. Fun and excitement filled the air and it was time to celebrate!

E. R. Students Entertain

One of the many ways an El Rancho student can show his class spirit is by the competition pep rallies. Although all pep rallies are fun to attend, none are as funny to watch as the competition class skits. Allowed the chance to express their comic talents, students created and performed their own skits in front of the student body.

This year the Senior and Freshman skits were held on Friday, January 15, while the Juniors and Sophomores acted out their mini-plays the following Friday. Excitement filled the gym, since this pep rally has reputation of being one of the funniest activities on campus. After all four classes had given an exceptional and amusing performance, the winner was announced. The Juniors were able to capture 1st place, the Seniors took 2nd, followed by the Sophomores and the Freshmen.

*Stealing the spotlight, **Steven Farfan** sings at the top of his lungs. **Elizabeth Monge** and **Anna Araiza** also entertained at the pep rally.*

Brent Burk, Elsa Gonzales and Roger Chacon are shown taking over the class. The students enjoyed the class skits by each class this year.

*While interviewing **Jerry Altuna**, **Eddie Bravo** displays a face of curiosity. Class skits were always a big hit at the pep rally.*

Nicole Blackmer displays her snooty attitude. The juniors showed authority over the other classes by taking first place in this year's class skits.

With Class Skits

*Taken by surprise, **Shawn Noble** was thrown into the trash can. He then had something in common with Oscar the Grouch.*

***Mark Carlson** catches the audience's attention with his singing. **Cindy Hernandez** played a big part in the skit.*

***Andrea Acosta** is totally excited because she is being escorted by **Steve Perez.** Being rookies at the class skit, the Freshman class did a great job.*

***Bernice Peraza, Marisol Pulgliese,** and **Joe Sepulveda** took part in the Freshman skit. They seemed to enjoy the excitement of the atmosphere.*

*Attentively, **Elsa Gonzales** listens to what **Brent Burk** tells the audience during the class skits. The Juniors were very proud of their victory.*

Twenty-one of El Rancho's seniors took part in running the City of Pico Rivera for a day. The students worked together on projected plans for building a theatre, road improvement, library improvement, and for supplements to the budget for the Child Care Center at Maizeland. This year's Youth In Government group was assisted by the efforts and guidance of advisor **Ben Rich.** *On April 6, 1988, the twenty-one students took over the city for a day in a Mock City Council meeting. During the same month, the Youth In Government group, Executive Commission, and Salazar students departed from L.A.X. bound for Sacramento. They arrived at the State Capitol around 9:30 a.m. There, they met with Assemblyman Calderon. The day was filled with guest speakers and memories. It was not only an insight into our government, but also a day that will never be forgotten by our E.R. students.*

Decathlon Members Lead The Party

Deathlon team members: **Efren Aguilar, Ken Armstrong, Tram Le, Liz Castro, Hernan Cortes, Andy Weimholt, Roger Chacon, Dipul Kansagara,** and **Hafen McCormick.**

Roger Chacon shows that he is prepared to represent El Rancho with honor. The Decathlon members worked hard to represent El Rancho in only the best way.

The Decathlon team members show their sweet smiles of success. Smiles and team work placed E.R. among the top twenty schools.

Holding the E.R. banner, **Hernan Cortes** shows his eagerness to begin the ceremony. Without the aid of our fine instructors, the team would of never done such a fine job.

This year's Decathlon team placed El Rancho in 17th place out of 67 schools. The team, made up of five seniors and four juniors, worked overly hard to place E.R.among the top twenty schools. In the various academic categories of competition, El Rancho finished 12th in fine arts, 10th in langauge and literature, 7th in social studies, 13th in science, and 10th in economics. **Kenneth Armstrong** was ranked as El Rancho's top scoring student.

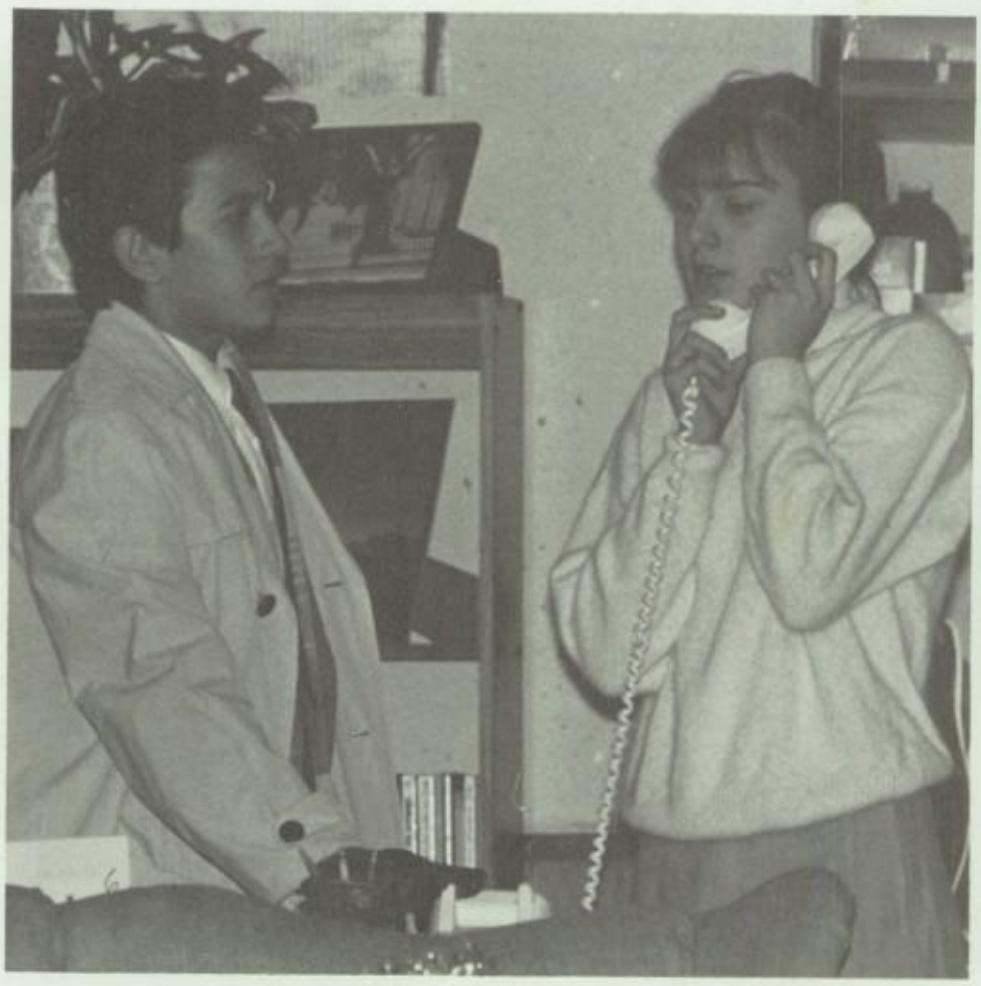
The team, along with the instructors, spent long and rigorous hours preparing themselves for this competition. The group began studying in June and worked for six long months. The school took first, second, and third place among the honor catagories. Hearty congratulations to the instructors and the team members for a job well done.

After a dramatic fight scene, **Lisa Simon** and **Tina Perez** accept apologies by giving each other a hug. The play "Wait Until Dark" was a great success.

Looking around **Eddie Gonzales** plays one of his three roles in the play. Ed Gonzales is known as a top actor here at E.R.

El Rancho's Star Studded Celebration!!!!!

Lisa Simon embraces **Andre Popa** for a desperate plea of security. Lisa Simon played a successful role of Susie in "Wait Until Dark".



Hanging up the phone, **Steve Farfan** prevents "Susie" from calling for help. Portraying a good character took a lot of rehearsal and dedication.

Mad Cap Musical Makes For Merri-ment

Surrounded by handsome men, Regina Lucero quips "What can I say?" The musical held an atmosphere full of comedy and festivity.

One of the Drama Departments innovative productions, which kept the audience in full suspense was **Wait Until Dark.** It told the dramatic story of a blind woman who is being harrassed by three criminals. The story worked its way toward a tense ending as the men tried to take a doll containing drugs away from her. The Drama Department did not hesitate to leave out special effects and sound tracks, which included the unforgettable sound of a heartbeat to enhance the thriller. This production won one of the top three awards in the S.C.E.T.A.

Minnie's Boys is a rollicking retelling of the early career of the Marx Brothers, whose hysterically funny films of the 30's like ANIMAL CRACKERS, DUCK SOUP, HORSE FEATHERS, MONKEY BUSINESS, AND A NIGHT AT THE OPERA, had audiences rolling in the aisles. The liberetto follows the story of the gutsy mother of five growing boys, Minnie Marx and her drive to get her sons on stage. This tune-filled madcap musical reflects the importance of the family unit and the close loving bond that exists between parent and child. The El Rancho players made the story "sing" and delighted many audiences when the play opened on April 21st.

Counseling Dean Gutierrez is Regina Lucero to make him feel better. The drama students always showed love and support toward each other.

Posing with unique style and air are some of the women of the production. The elaborate costumes that they wore gave the musical the total feeling of the Vaudeville days.

The "male contingency" from Minnie's Boys ham it up in melody in a hilarious scene.

Being scolded by an officer is Andre Popa. This was one of the last major high school plays for the seniors in the production.

Cast members stand in a state of shock as a gun and thief threaten their lives. The drama department knew how to make a bad situation hilarious.

Princesses Show Their Enthusiasm

Although this year the annual Homecoming Games were not held, it didn't put a damper on the excitement of the day. At the assembly, with its theme "That Was Then, This is Now," the crowd awaited with anticipation for the announcement of the princesses. From among the Senior princesses the queen, ***Sandra Salinas****, was chosen at halftime, when a Don on horseback presented her with flowers. The other two candidates for queen included* ***Erin Lopez*** *and* ***Lonnie Olivas****. Before the big announcement, the Choraleers added to the excitement by performing at halftime. When the time came, the entire stadium cheered with enthusiasm for the 87-88 Homecoming Court as they rode around the track in a classic car.*

Senior Princess ***Erin Lopez*** *proudly walks with her father when her name was announced. Homecoming night made many parents feel proud of their daughters.*

Senior Princess ***Lonnie Olivas*** *and her father demonstrate their happiness with a smile. Smiles rained on all nominees on this exciting night.*

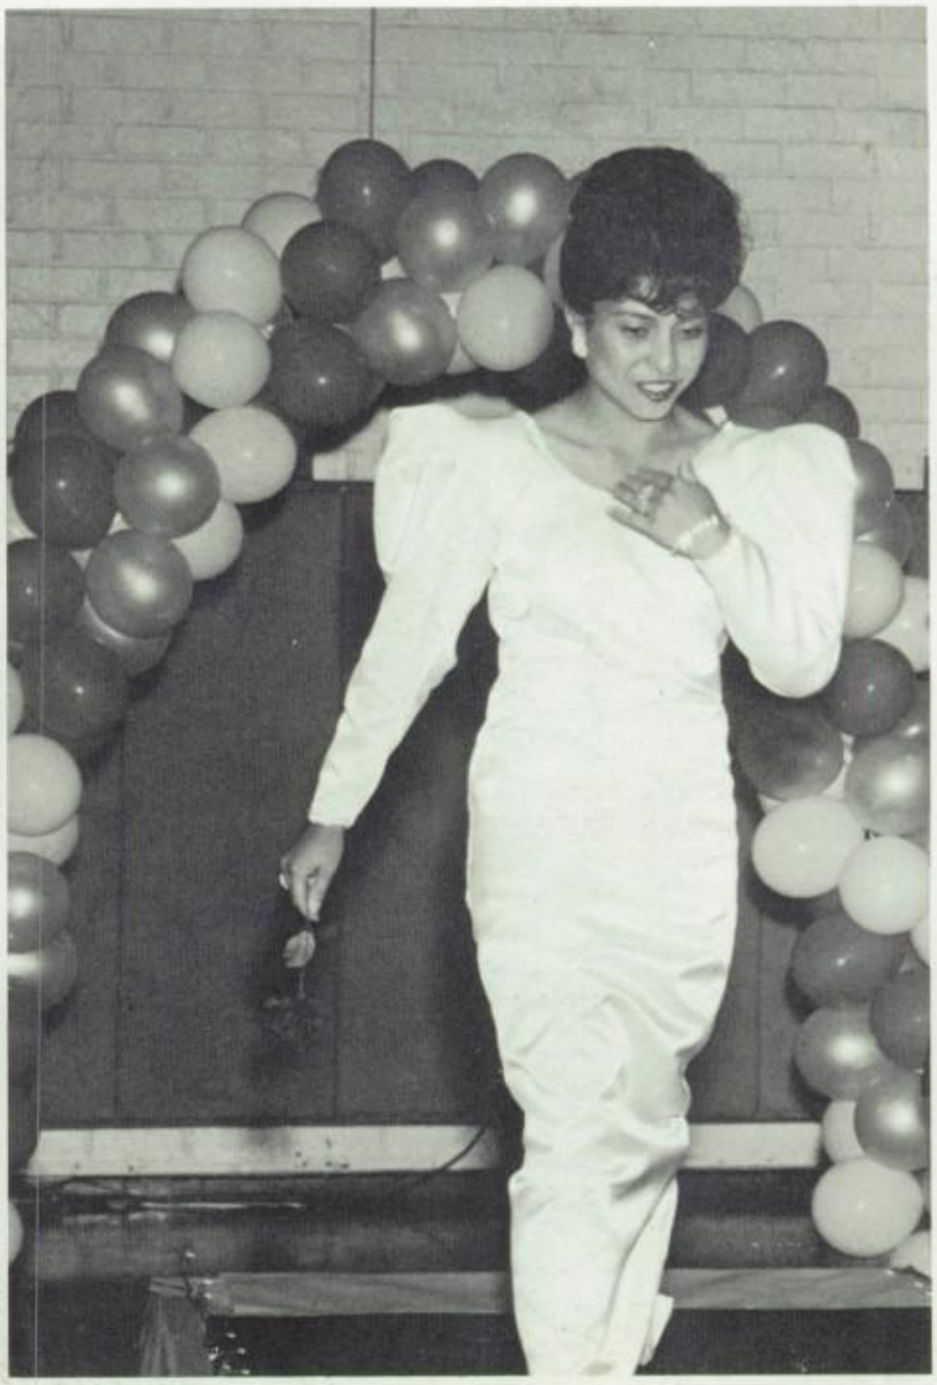
Barbara Rivera *shows her happiness even before she knew that she would become the next freshman princess. All the nominees were very enthusiastic throughout the program.*

Staff help themselves to the delicious dessert at the homecoming luncheon. This event has always been a favorite for the last year graduates.

Accompanied by her father, Junior Princess **Natalie Legarreta** *walks through the field to meet the Homecoming court. Her classmates were thrilled by her selection.*

E.R. Hall of Famer, **Alma Martinez**, *addresses the student body at the Homecoming Assembly. Ms. Martinez has succeeded in her career in the entertainment field.*

After being chosen Princesess of the Homecoming Court 1987-88, the girls seemed very proud of having accomplished their dream. The escorts were very supportive throughout the ceremonies.



Nervously **Erin Lopez** *walks up the runway. A moment of excitemement filled the audience.*

Pepsters show their school spirit at the Homecoming game. Even though we lost the game, it was a night of happiness and excitement.

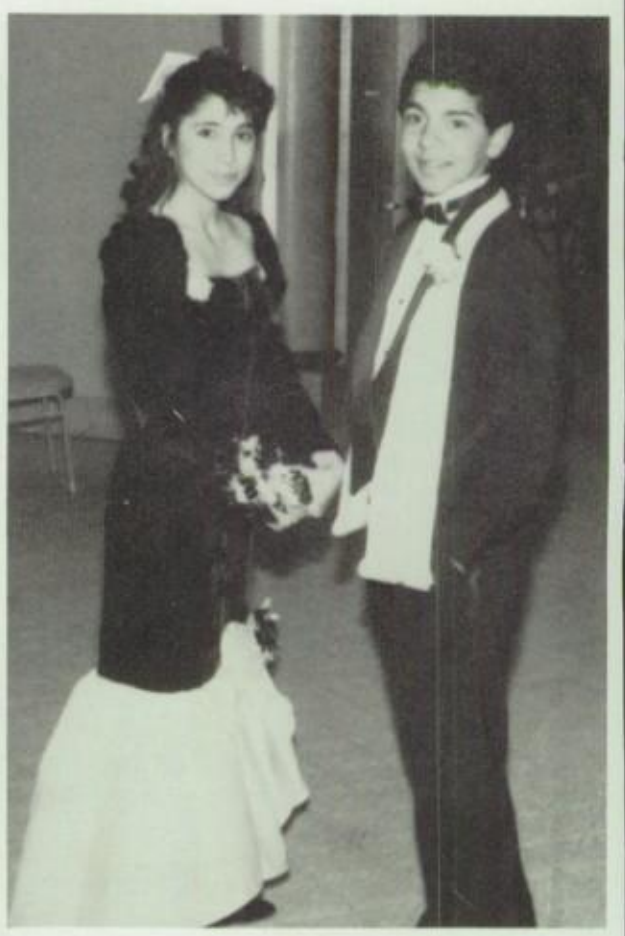
Winter Celebration Brings A Romantic

On Saturday February 6, 1988, in the luxurious Whittier Hilton Hotel, the El Rancho Winter Formal dance took place. For those students who attended the dance, the evening was an exciting surprise. The dance began at 8:00 p.m. and ended at midnight. Over 220 couples attended the dance. After couples took pictures, they all gathered with friends and had a great time. Students enjoyed the music and the company as well. As the dance ended, couples retired to their homes from a night filled with excitement and memories of fulfillment.

E.R. students and guests dance the night away to popular sounds. Good music and a lot of excitement made the night extremely memorable.

Showing their evening attire are Seniors Olivia Aguirre, Erin Lopez, and Maria Garcia. Tuxedos and evening gowns were a wonderful change of pace from the daily jeans and sneakers.

Sharing a special moment are Arleen Garcia and her date. Being able to share precious moments together, made the evening filled with excitement and joy.



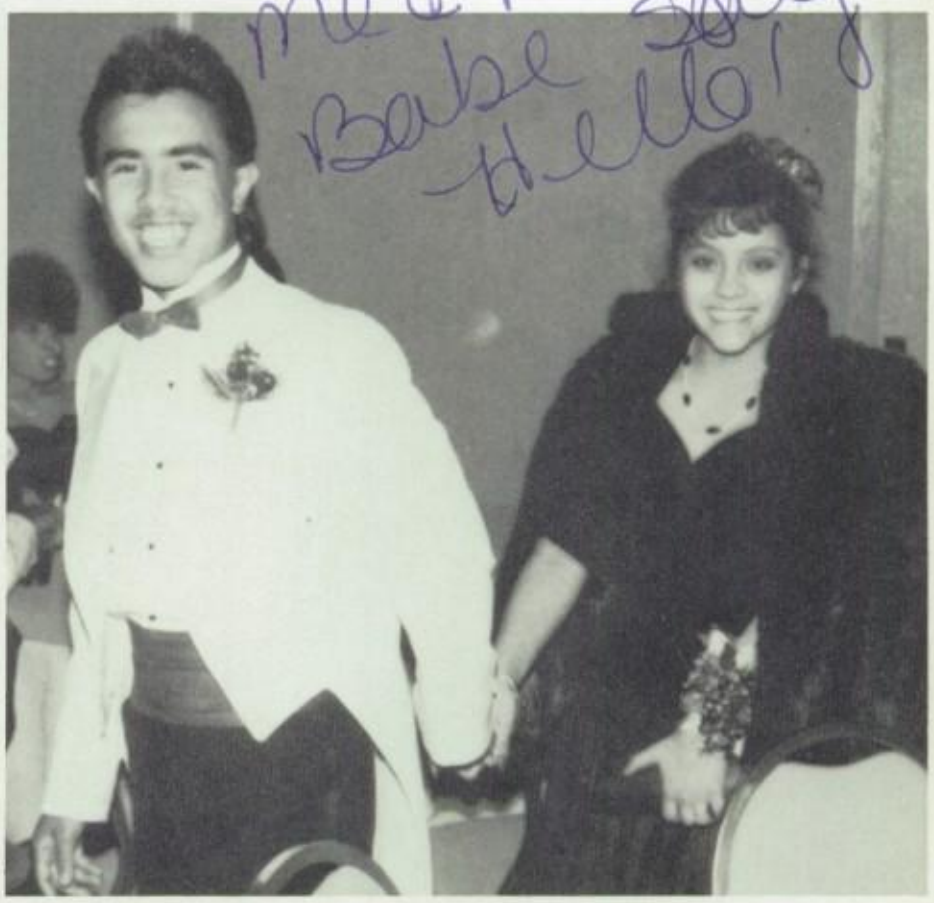
Standing in the corridor, waiting for the doors to open are Monica Insuasti and friend. Arriving early assured people of short lines for taking pictures.

Having a corsage put on her wrist, Sophia Sandoval shows her enthusiasm as date Paul Ulibarri clasps it on. Colorful corsages and boutonnieres enhanced everyone's evening wear.

Getting ready to go out on the dance floor are Dianna Villagran and date Gabriel Garcia. A crowded dance floor made it difficult to dance.

Night Filled With Memories

Showing their colgate smiles are Danny Tapia and Deana Walker. Smiles and laughter were two of the things that made the night so special.



Arriving before the crowd are Danny Rubio and Patsy Franco. Having good seats at the dance were due to getting the evening started promptly at 8:00 P.M.

Waiting for a good song are Anna Medina and Carlos Ramirez. Being with friends made spending time together all the more fun.

Preparing to leave the dance are Francine Alvarez and date. The dance began at 8:00 P.M. and allowed all plenty of time to relax.

Anita Garcia and escort wait for their friends to arrive. Those who arrived shortly after 8:00 P.M. had to wait about an hour before the dance actually got started.

Carmen Cerecedes and friend show their eagerness in being at the Winter Formal. Anxiety made it difficult for some to sleep the night before.

*Posing together before entering the dance are **Rene Rodriguez, Cindy Cornejo, Mark Castellanos, Melinda Hicks, Devona Martinez,** and **Mike Duron.** Sharing expenses made the evening more economical and fun.*

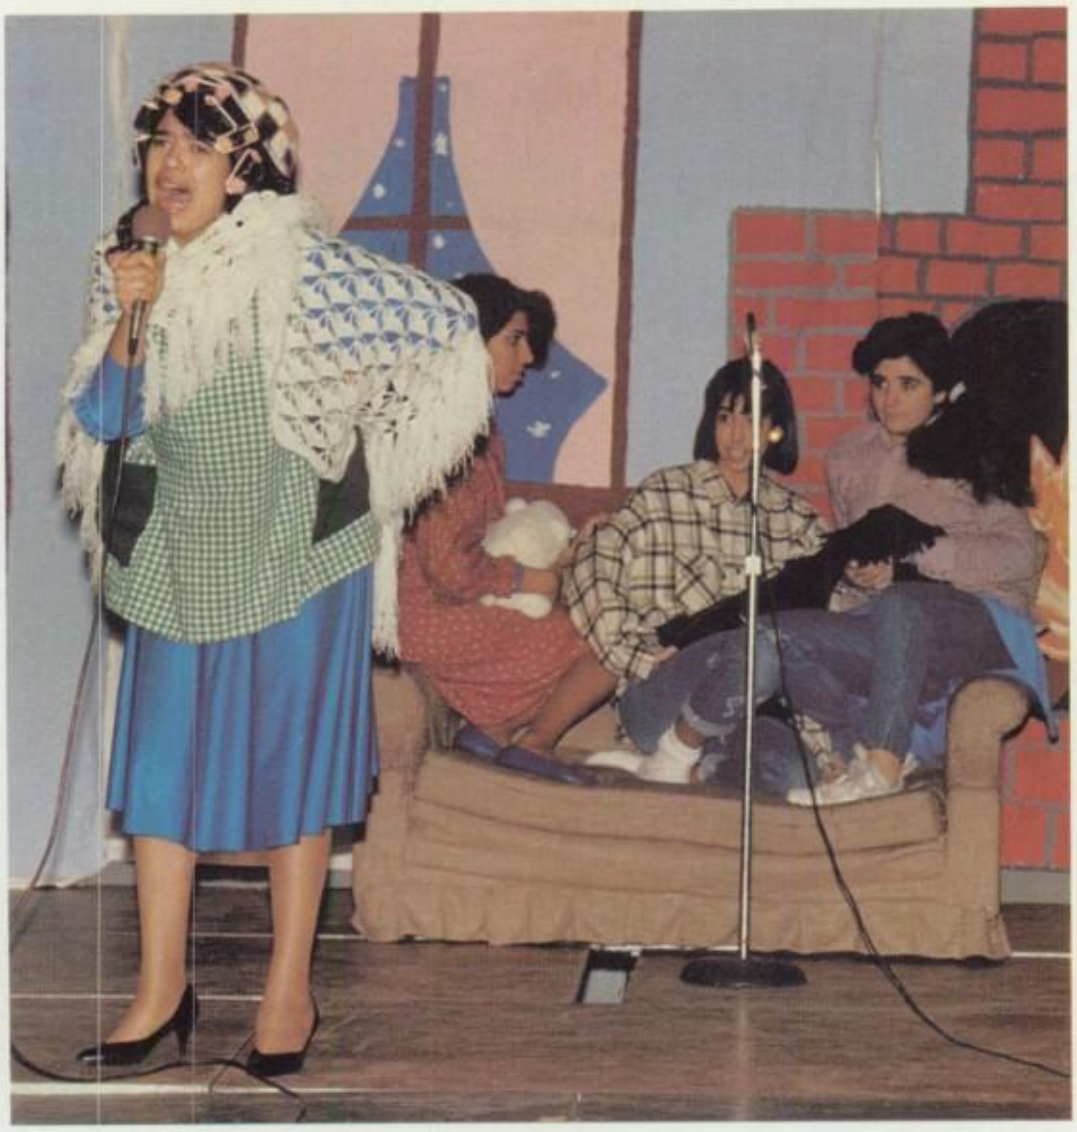
'Tis The Season To Be Jolly

Anthony Ramirez and Rebecca Jaimes demonstrate their "duck and cover" pose. The Drama Dept. contributed heavily to this assembly.

Under the direction of **Mr. Coyne**, *the band performs exceptionally well at the Christmas Assembly. This group, as the marching band, did well in parades.*

Robert Villalobos *displays his broad tip markers. Markers were prohibited on campus.*

Smiling with glee are the reindeers. They all made up a big part of the Christmas Assembly.



*A member of the Choraleers, **Maricela Arroyo** sang her heart out at the Christmas Assembly. She sang about the problems of Christmas.*

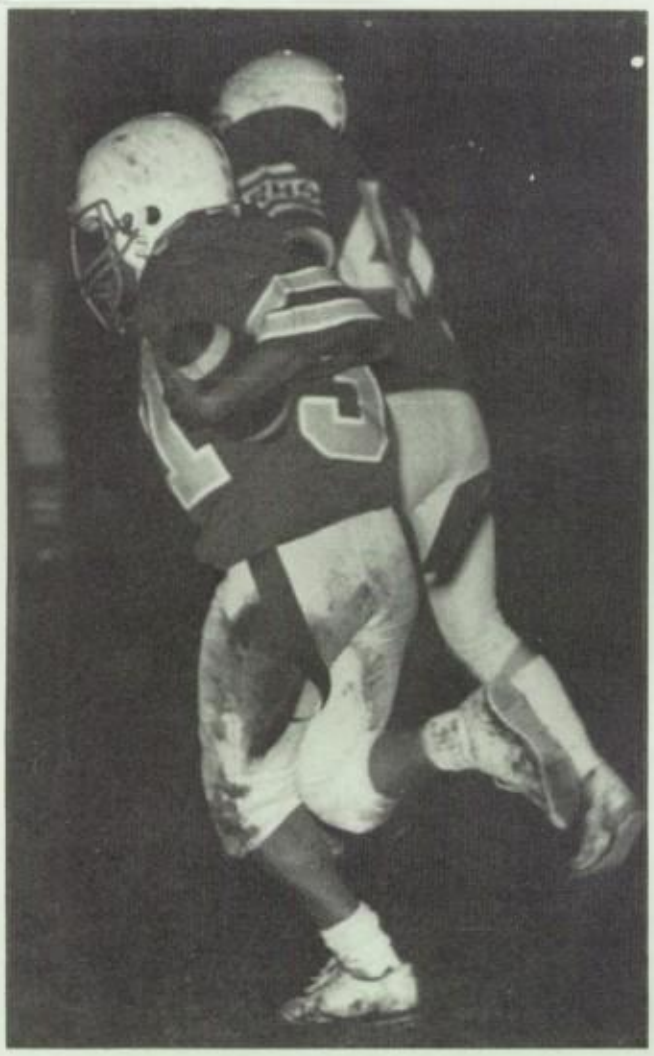
*This year's Christmas Assembly was a great event. The participants included the Concert band, Tall Flags, Banners, Jazz Band under the direction of **Mr. Coyne**, the Drill Team under the direction of **Mrs. Kosin**, and under the direction of **Ms. Wilson** the Choir and Choraleers. The Advanced Drama class, under the direction of **Mr. Wlasick**, produced their rendition of "The 13 Days of Christmas" which went through 13 major rules at El Rancho High. For another treat the Choraleers sang "Grandma Got Run Over By A Reindeer" while the Drill Team, Tall Flags and Banners dressed up as reindeers and pranced around the stage. As the for Band and the Jazz Band, they played a great performance. To wrap it up, everybody who participated in the assembly showed their pride for their school and left with the spirit of Christmas.*

*Concentrating on his music is **Kent Burk**. Concentration was needed to perform in the Christmas Assembly.*

Senior-Junior Girls Play A Dirty Game

On December 17, 1987, it was that time of year again when the guys and girls of El Rancho trade places. It was time for the 23rd Annual Powder Puff game. Although on the week of the game it rained continuously, the Senior and Junior girls were set on battling it out on the wet, muddy, and slippery field. To show their determination the girls even practiced while it rained. The day began when the male cheerleaders put on their hilarious routines at the pep rally. Next it was time for the big game. The gutsy Senior girls with their motto "Kill" and their neverending enthusiasm courageously played until the clock ran out. Although they gave 101%, the Seniors fighting efforts didn't stop the swift Juniors, who won 14-0. Let this be a lesson to all. Eventhough the Seniors lost two years in a row, it can never be said they were losers, because they never quit!

1987 Junior Cheerleaders: ***Brent Burke, Kent Burke, Andre Espinosa, Francisco Galvan, William Kirby, Alberto Ramirez, Adrian Rincon, Sergio Rodriguez, Gabriel Serrano, Manuel Vasquez.***



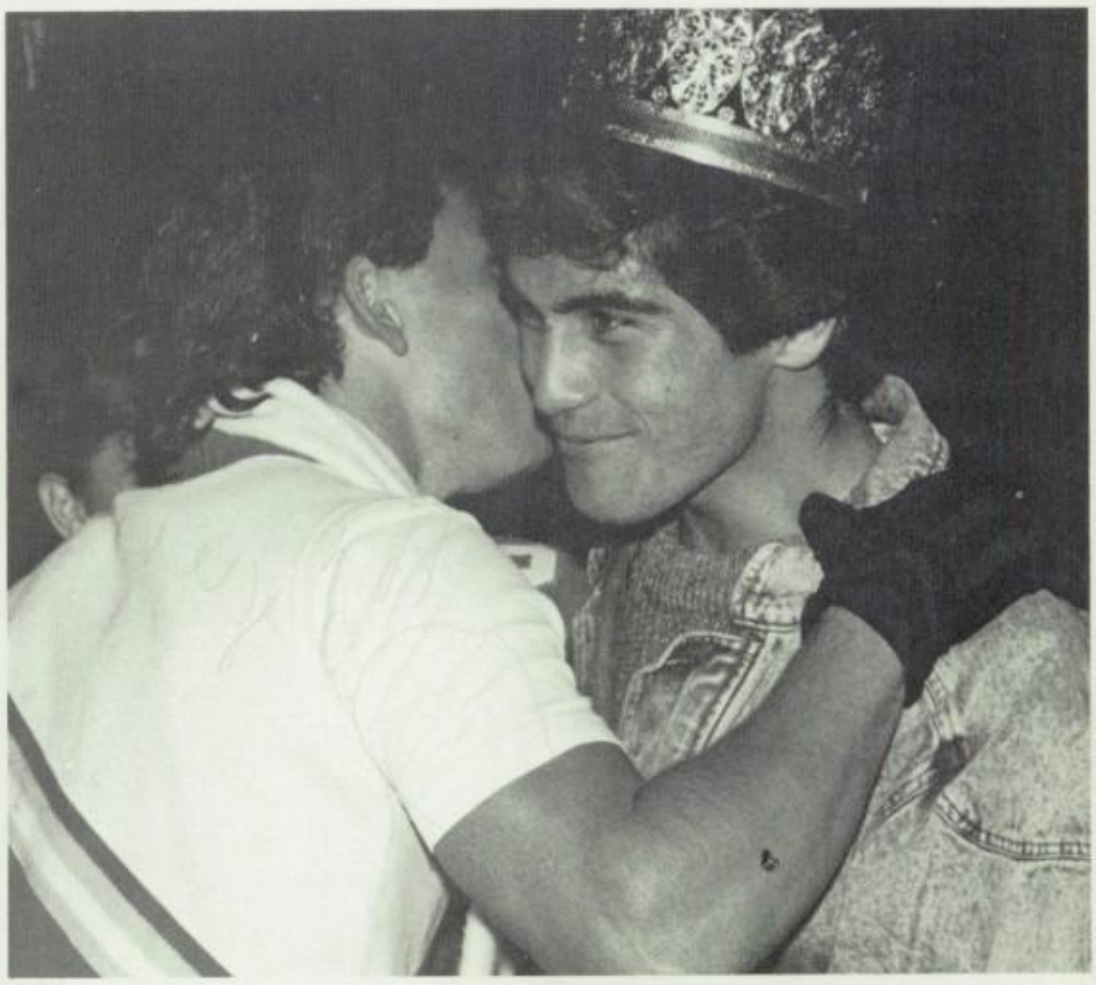
Maria Gracia *rushes through the Junior team. Strength and agility were the main factors of the game.*

Regina Viera *prepares to pass the football to one of her players. Team work was one of the things that could win the game.*

Linda de Leon watches in awe as Michelle Sanchez breakdances on the field. Humor was what made the game a night to remember.

Senior Captains Francine LaVogue and Karina Manzano meet with the junior captains to flip a coin. Togetherness was a special part of the game.

Two of the Senior girls run behind Sandra Kachirisky to block her from the junior cluthes. The only way to win the game was to have a good offense.



Senior Cheerleader David Perez gives Power Puff King Oscar Rodriguez a congratulatory kiss. The Power Puff Cheerleaders made halftime and the sidelines entertaining.

Junior cheerleader Brent Burke shows his ability to do splits. Flexibility was one thing that the guys had to have as cheerleaders.

#70, Deborah Salas, blocks Yolanda Rivera from getting the ball. A good offense was what made the teams powerful.

Tall Tales And Legends Shiningly Survive

Excitedly, Gabby Aguilar and Hilda Mercado receive their first place ribbons. First place was a great honor for the King Kamehameha's Wacky Wahinies.

Eddie "Elvis" Gonzales displays just what it takes to be the King. He was an active member of continuity for the past three years.

The Mystic N' Mysterious Medusas share a moment together before their performance. Togetherness was the key to their success.

Undoubtedly, the 35th Annual Coed Capers "Tall Tales and Legends" was one of excitement and success. Led by Miss Yolanda Jauregui, over 100 girls and boys worked several weeks for hours on end to bring together a show to remember. With many experienced group leaders involved this year, the competition was immense. Receiving first place, the Wacky Wahinies brought us a new and unique style of Hawaiian dancing. The Mystic N' Mysterious Medusas, who were awarded second place, brought a contrast to the second half of the show with their eerie and thrilling routine. Given third place, the Kings of Rock & Roll brought back the memories of no other than Elvis Presley. Sportsmanship, an award for the friendliest and most cooperative group, was given to the Chuckling Charlie Chaplins.

Spurred on by Mr. Stan Wlasick, Continuity's sparkling lines drew many laughs from the audience. Among the other groups who took part in this tradition were the Genies, Mermaids, Gnomes, Cleos, and the Miss Muffetts. Their efforts and talents were displayed in their appearances, costumes, and props. Each group should be congratulated for their time and effort. The tradition of Coed Capers has once again been carried out.

Sophomores . . . Here's To Our Success!

To the Sophomores of '88,

This has been a truly great year for me, as it has been for most of us. Working hard, yet having fun has made our class a united family. There were times when I thought we weren't going to make it, but those were the times you pulled through. Holding together has made us a victorious and proud class. I want to thank you all for the effort you put in during the pep-rallies, and a special thanks to those who went out of their way to paint signs. I also would like to give a special thanks to our advisor, **Mrs. Longacre,** *who has given me so much support.*

Respectfully,

The 1987-88 Sophomores tremendously improved throughout this school year. They fought and strived to be their very best. Even when everything seemed to be a total loss they still stood together holding up one another both during defeat and victorious competition pep rallies. Pep rallies not only became a focal point of El Rancho spirit but also a symbol of unification and togetherness also played a great element. Sophomores not only upgraded themselves but also gave a hand as well as an example to the underclassmen.

***James Rangel** tries to explain how the movement of the earth caused the earthquake, while **Adriane Rodriguez** takes notes. Current events were a main subject in their history class.*

*Sitting the the quad, **Juan Quintana** exaggerates his football stories. He was one of the few sophomores on the Varsity football team.*

Enjoying their second year at the Ranch, the Sophomores acquired a great deal of wisdom. In addition to that they grew up to where they matured enough to make some of their own decisions yet, as time passed, Sophomores realized that in a matter of days they would become Juniors. Nevertheless, this sophomores class seemed to be ready to make that big step upward.

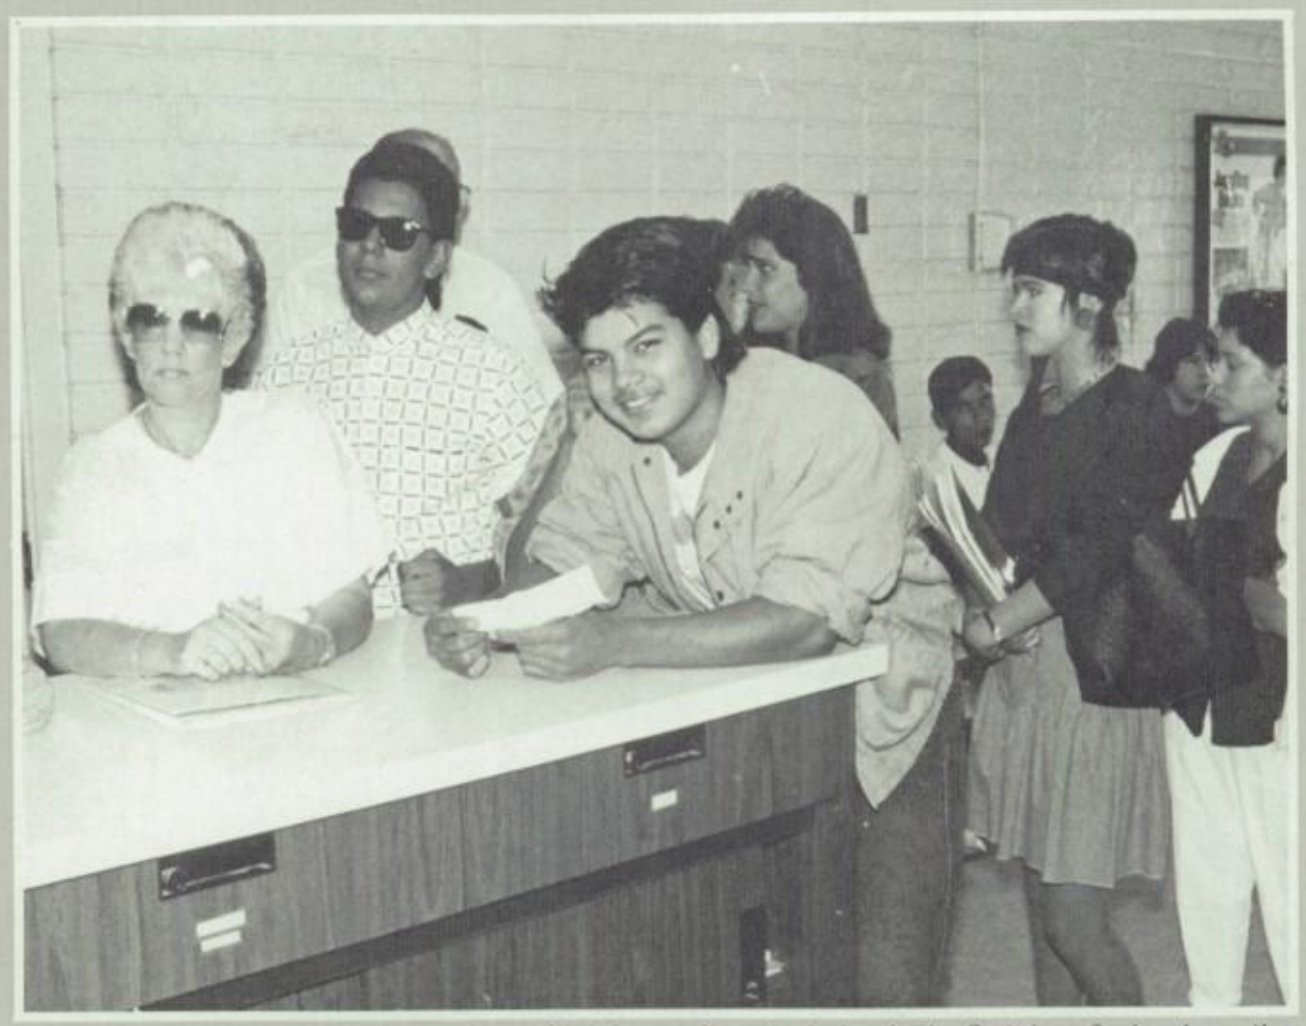
With two years under their belts, the sophomores, Class of 1990, matured greatly in their short time as Dons. Excelling in academics and athletics, the sophomores have pulled together with spirit and team work, so it does look promising for this class in the future. Enthusiastic, warm, dedicated and loyal described the attitude of the sophomores.

Their enthusiasm and loyalty at pep rallies spoke for themselves. Involved in many extra-curricular activities such as C.S.F., M.E.S.A., Pep Commission, U.C. Partners, drama, cross country, football, waterpolo, and other sports, these sophomores demonstrated their dedication and school spirit.

Sophomores breezed their way through their first two years here at E.R. and are now on their way to becoming successful juniors. The warmth and pride of these Dons were quite impressive. Now with the end of this year at hand, it was well worth all the effort put in by all.



Holding his program in his hand, ***Robert Villalobos*** *waits to be helped. The first day of school was the busiest day of the year.*

*Hypnotized by the teacher's voice, **Tiffany Garcia** pays attention. Science was an important part of a sophomore's life.*

Sharing is one of the greatest factors of being a Don. The Sophomore Class of '87 showed the true meaning of togetherness and determination. No matter what it took, they were always willing to put in that extra effort to place their class above the rest. Sophomores were always willing to participate in any activities so long as they knew that they were helping their class. They always went to all the pep-rallies and were ready to scream their hearts out. The sophomores were also very supportive to all of their friends who needed a lift. Their belief; sharing your love and friendship, was what it's all about. The whole class was like one big, great and happy family.

Knowing he didn't prepare, Hector Martinez tries to think of the answers on the test. Studying was an important part of an E.R. student's life.

*Thinking before writing, **Rachel Macias** completes her essay with no problem. Learning ways of improving how to write the English language was what was taught in all El Rancho English classes.*

The '87-'88 school year was a happy and fun time for the sophomores. They finally out lived their freshman image. No longer were they seen as the new and naive kids on the block. It was time for a new class to live up to that stereotype and that gave the sophomores something to cheer about. Cheer they did, capturing several first place titles at pep rallies!

What do the sophomores have to look forward to now? Their junior year, of course! Having outgrown their underclassmen years, the Class of '90 can look ahead to a great junior year. It is certain that this class will dominate in their two years as upperclassmen.

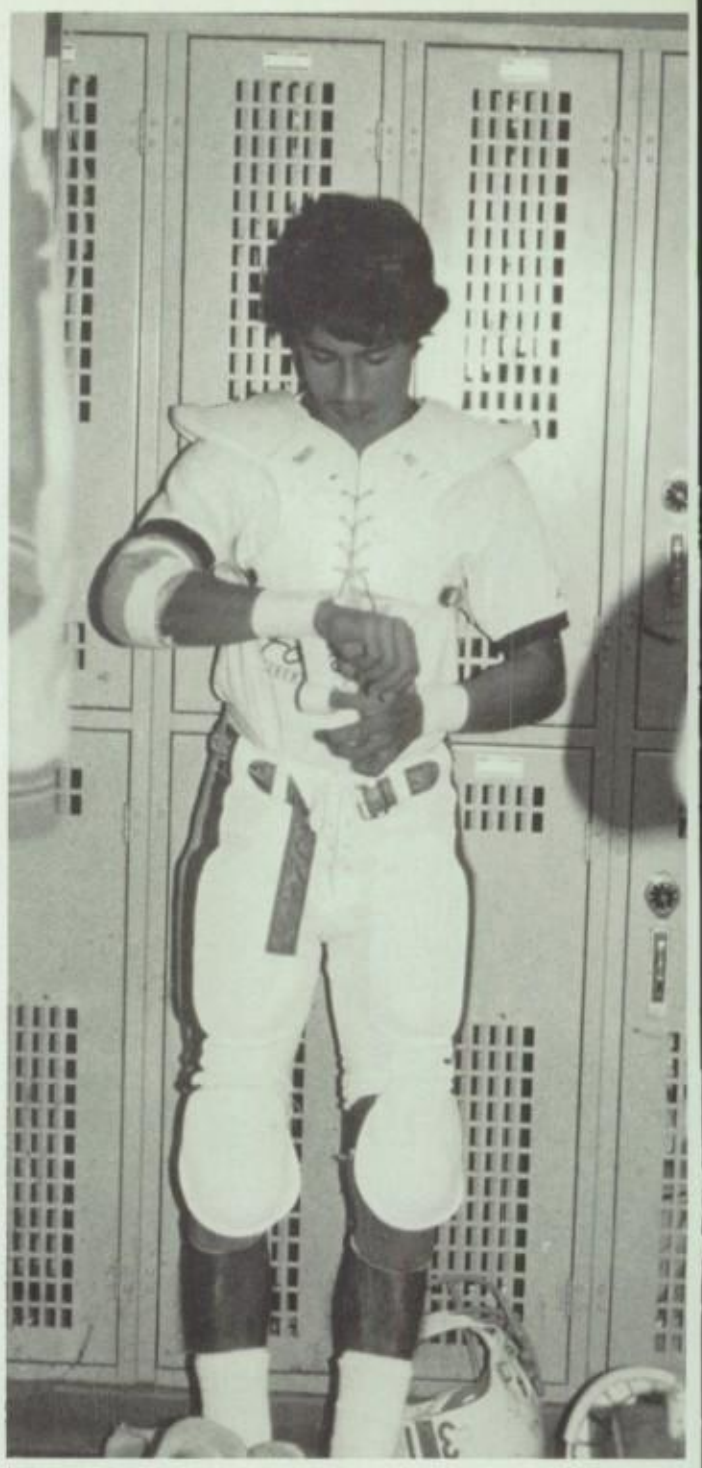
El Rancho Gridmen Earn Respect And Praise Of Opponents

A celebration was definitely in order for the El Rancho Varsity Football team this year. Striving to gain the respect of their opponents, they worked hard all season and finished with an 10-2 record. When asked to comment on his team, Coach **Don Peterson** *replied,'' They were a team who believed in we, not I''. This is what led the team to its many victories. Among the many highlights of the season were the wins against Bell Gardens (Whitmont League) and Arlington High School in the CIF playoffs. Team Captains,* **Oscar Rodriguez** *and* **Roland Toriz** *also added to the positive attitudes of their teammates. Although each player deserved an award for their special efforts, only three were given upon the finish of the season.* **Art Salas** *received Most Valuable Player for his outstanding efforts. Receiving Most Improved Player was* **Gerardo Erazo** *and the Coaches Award was given to* **Oscar Rodriguez.** *This group of hard working young men, under the direction of their fine coaching staff,* **Don Peterson, Steve Hartman, Dick Shelko, Mike Forge** *and* **Gordy Chamberlain,** *was one to respect and be proud of.*



Gabriel Garcia *prepares for another victorious game. Getting dressed for the game was the hardest part for the Dons.*

*Shutting out their opponents is not uncommon for **Ray Leal** and **Kevin Acosta**. In addition to screening other teams, the E.R. football team proved they came a long way.*

No other football team could be as close to each other as the Don Varsity football team. A little prayer before the game always seemed to touch this team's hearts.

They practiced many hours after school to improve their times and especially to be prepared for all the coming challenges they would face throughout the track season. The team showed great effort and willingness to meet their goals and usually succeeded in doing so. Team work was what it took for them to be Number One in the Whitmont League. With the support and dedication of coaches Mr. Goff, Mr. Paholsky, Sergio Vegerra, Mr. Chamberlin and Ron Ybarra, this team displayed the traditional Don spirit. The Boys' and Girls' Frosh-Soph track team had definite potential for next year's Varsity Team. Good Luck!

***Ron Ybarra, Mr. Paholsky and Mr. Goff** celebrate after a good showing from the team. They combined their experience to make this year's team a success.*

Boys' And Girls' Swimmers

The entire swimming team entered the 1988 season with great spirit and willingness to work hard in order to perfect their skills. The team was comprised of Boys' Varsity, Frosh-Soph Boys, Varsity Girls and J.V. Girls. The team worked as a whole, and together they all displayed great effort and determination in reaching their goals. The dedication that all the team members had, helped them progress throughout the season. Long hours and tough practices after school were beneficial in building and polishing their skills. Throughout the season, the four groups of swim team members showed competitiveness, determination and pride when they were against some aggressive Whitmont League competition. It was a great year for all of them. Among the Boys' Varsity team, six of the members were seniors who helped their younger teammates perfect their skills for future varsity teams.

Let's Play Ball!!

Varsity Boys': Ron Lopez, Saul Rico (capt), Fernando Ayala, Scott Carlson, Vincent Mendez, Eric Molano, Ernie Ixtlahuac, Danny Hernandez, Man Tarango

Volleyball! Exactly what is Volleyball? Is it just a game played on a court by two teams who hit a large, light, inflated ball back and forth over a high net with their hands, each trying to return the ball before it touches the ground? Maybe for some poeple, but for others it is a face-paced sport that's quickly rising to the top of the charts. Volleyball has become not only a spring sport, but an all year round sport. Especially on those long, hot summer days.

El Rancho's Volleyball teams have contributed alot to this fast rising sport. Competing and winning most of their games was an easy task for the Dons. Congratulations goes out to the Boys' Volleyball Team for another successful year.

Back row- Roy Gomez, Isaac Vega, Adrian Medina, Roger Chacon, (middle row) Carlos Garibay, Fernando Carvajal, Carlos Marin, Mike Alcantar, Mike Tarango. (front row) Victor Martinez, Richard Rivera, Mike Martinez, Fernando Lemus.

Mr. John Sherman initiated the "Sherman Debates" in 1981. They have become an exciting eight year tradition here at the High School. Debates are to the academic life of the school what athletic games are to the social life of the school. Both demand preparation-getting with national, social, and political concerns. The participants develop many skills: planning, research, public speaking, leadership, negotiating, interviewing, and thinking on your feet. The interest and excitement generated by these debates are well attested to by students and faculty. They provide a positive stimulus to the intellectual development of our students. All the teams worked very hard. The final debate took place on March 25th and the winners were the Sophomore Class of '90. With much dedication, they achieved their goal.

***Mr. Sherman** walks through the halls on his way to the debates. He initiated the "Sherman Debates" in 1981 and since then they have been a success.*

New Faces In New Places

Dear Class of '91,

It has been a great honor being Freshman Class President. All that I have seen and experienced this year made my freshman year memorable. I am very proud of our class. By succeeding in taking that big and challenging step from middle school into high school we learned to adapt to the new environment by learning, listening, and understanding the E.R. experience. The Class of '91 all united into one big family and showed the upperclassmen that we have the determination to be #1. At the competition pep rallies and other activities we let our E.R. pride and enthusiasm lead us to our victories. I hope to sustain our E.R. pride throughout our years here at the Ranch. We would also like to thank our advisor Mrs. Bruhn for supporting and helping the Class of '91.

Sincerely,

Undrea Garcia

Freshmen Speak Out

Although the transition from middle school to high school was a frustrating experience for some, this year's freshmen made the change with style and grace. The new kids on the block showed the other classes that they were not easily intimidated. At the Welcome Assembly, the freshmen took first place and scored quite well at other competition pep rallies, giving the upper classmen a run for their money.

The ninth graders adapted to a challenging and exciting new life at the Ranch. A four year experience promised to be a rewarding one.

The freshmen became acquainted with the school and made new friends by joining the various clubs and organizations available at El Rancho. Those students whose forte was academics, showed an interest in joining CSF, MESA, and UC Partners. Sports at the Ranch were of major interest for the students with athletic ability. And, of course, the ever popular drill team, tall flags, and banners were available for the school spirited girls.

Indeed, the Class of '91 became a part of the E.R. pride and spirit, which makes up the Ranch tradition. These kids are the future of El Rancho and the leaders of tomorrow. They have certainly proven themselves worthy of being Dons.

Rudy Rios has a tough time choosing who to vote for. Armando Romo and Mike Cipres were other freshmen who exercised their right to vote.

Smiles Brighten ER Campus

athy Estrada shows her brilliant smile at one f the pep rallies. Smiles were something that ost freshmen had in common.

David Murillo takes time out from his studies to show his Don laughter. A common trait that each E.R. student possessed was the ability to always have a smile on their face.

As the year went by, the freshmen smiles grew bigger and brighter. They were so glad that summer had finally arrived. When the freshmen first entered the school for their very first time, they were frightened faces on the school's campus. But low and behold, the freshmen soon came out of their shells. This was the highlight of everyone—to say that they are used to the everyday life at El Rancho High. For next year, as the freshmen become sophomores, they can be expected to know the campus by then. But don't fret, the Class of '91 can be expected to accomplish alot in the years to come.

Frosh Finish First

The Freshman Class of 1990.

As the Freshman Class of 1990 entered their first year of high school, they encountered many new experiences. They were faced with the fact that they were freshmen and that they had to overcome the fear of fitting in. They realized that they were not in middle school anymore. There were many new things that they had to adjust to. For instance there was the Dress Code, a bigger campus, and there were many new faces to meet. But as the year came to an end, these freshmen would have no problem for the coming years at El Rancho High.

Frosh Spirit Soars

Freshmen proudly support their class at the competition pep rally. This year's Class of '91 showed pride on a daily basis.

This year's night pep rally was a blast for the freshmen class. The freshmen won the most votes for the most parents in attendance. This was a big night for the freshmen because this was a whole new experience. They will never forget what a great night it was to spend with their parents. They showed their pride as freshmen by cheering for their class. They were ready to take on the challenge of their competition, even though they didn't expect to lose. But they had to keep a stiff upper lip when it came to competition among their opponents. This year the freshmen realized how hard it was to become the best they could. But they would always remember that they could accomplish anything if they worked hard enough.

Study Habits Begin

Freshmen became adapted to the study habits at El Rancho High. They realized how important it was to have good study habits. It was very similar to how they used to work, but this time they were preparing themselves for a future of success and happiness. Freshmen were very confident about becoming good students. Now they realized how important it was to study as they were preparing themselves for the world. This was a very important discovery even if you were just freshmen.

El Rancho's 1987-88 Executive commission has done exceptionally well in performing their jobs as class officers and leaders of this school and ASB President, Erin Lopez, showed her leadership qualities. With the outstanding advice of Ms. Ellis, Exec. has been able to stick together and make it through the year. The Christmas Tree sale has always been a tradition for the Exec. members, with the objective of raising money for their annual trip to Sacramento to visit the Capitol. The E.R. officers earned recognition. For without them there wouldn't be any class spirit nor competition between the classes.

Our gratitude for all the long hours they spent to make El Rancho the very best it could be.

Community Rejoices With E.R.'s Helpful Club!!!

The Key Club, Kiwanis Educational Youth, dedicates many hours to serving the elderly as well as the community. It is a service group sponsored by the Kiwanis Club of Pico Rivera where every member contributes their time and effort.

The Key Club is one of the few clubs on campus which serves not only the school, but the community. Under the leadership of President Saul Rico and advisor: Mrs. Jontz and Dr. Hayes, the Key Club provides service for the elderly in need of assistance. The Key Club also participates in various service projects throughout the year. Car washes, wake-a-thon and candy sale among the various money raising activities this service club did make this year one of their best ever.

Even though the Key Club is rather new and unknown, its spirit and pride can be felt in the hearts of many students and residents.

Among the things discussed in the meetings in R-4, Key Club Members exchange their ideas on such vital issues as world hunger, drugs in school, and teenage suicide.

These designated individuals are responsible in meeting once a month to discuss upcoming activities. With this important information, the representatives are to report all the data they have collected and talk it over with their second period class. Speaker of the House, Lorena Robles stated that, "This year's House has been responsible in carrying out their duties. I feel I have, as well as they, contributed to a successful year."

As the year proceeded, each member contributed in solving perplexing questions which were brought up in their homeroom class, and thereafter were discussed in the House.

Staff Celebrates Good Times

The 1987-88 Annual Staff has once again successfully accomplished another great year of working together to meet deadlines. Although it was hard coming back to school after lunch, the staff managed to meet on a daily basis during 5th period. Proving that they had what it took to produce such a book, as the ***Por el Año****, was not an easy task. Experiencing many setbacks and disappointments was what made them more determined to accomplish their goals.*

Constant celebration was on the Annual Staff's mind this year, considering there was a lot to celebrate. They created a book from scratch, put it together and distributed a book that no one could hold a candle to.

After the year had finally come to an end, and they had met all deadlines, they were able to feel the unity amongst the members. There are some things the Annual Staff will leave with, a feeling of pride and a closeness to people they had to work with, that they didn't even really know before. Also they will definitely leave with a sense of accomplishment and confidence and knowing that there is nothing they cannot do.

Annual Staff Members: ***Sophia Sandoval, Michele Esparza, Alfred Gonzales, Ms. Battu, Mia Weber, Linda DeLeon, Theresa Gevara, Maria Garcia, Toni Arizmendi, Debbie Salas, Karina Lafarga, Imelda Aguirre, Shariann Lorenzo, Ray Robledo, Cindy Nieto, Nohelia Rojas, Alina Baciu, David Perez.***

*The 1987-88 Newsstaff established themselves as being top-notch reporters. They gave us the latest scoop on current events in school and gave us the real story behind the issue. Meeting grueling deadlines and surviving many frustrating hours proved to be a rewarding success. Under the direction of advisor **Mr. Tim McMullen** and Editor in Chief **Liz Castro**, the EL RODEO newspaper was filled with many exciting late breaking stories. They were not only present at current school activities, but also major current happenings such as the Whittier Earthquake and the Pico Rivera Train collision. The group learned valuable skills in working with others cooperatively and working under pressure. All in all the Newsstaff gained perseverance and higher skills in the past year.*

Eddie Bravo displays how a skateboard thrasher behaves. The Drama Dept. contributed this scene to the Christmas Assembly.

Dean Guiterrez hugs his on-stage wife Lisa Simon. Dean was a star student in drama this year.

This year's Drama Dept. has really had a great turnout in capturing everyone's attention. Through their plays and special performances, they have shown that they are truly capable of stirring up anyone's emotions. It takes a lot of hard work to put their breathtaking performances together, but being under the lights and hearing the applause makes it all worth it. Though they all love the fame and glory, there is also another side to DRAMA like the family love they all share. The closeness between them makes it easier to work together and the whole package would not be complete without their teacher and special friend, Mr. **Wlasick.**

This year the Poetry Club made a new beginning and enhanced the writing of the El Rancho students. The Poetry Club encouraged the students to reveal their talents. For example, the students submitted poems of their own creation to a poetry magazine. They also sold Valentine cards with poems made up by some students to pay for the needed supplies. The Poetry Club met every Thursday in 0-5 to discuss and share their poems with others. The interaction of ideas helped their techniques to grow. At the end of the year their banquet was held and a variety of awards were given out.

One of the many academic clubs on the El Rancho campus is MESA, short for mathematic engineering, science achievement. The purpose of this active club, which meets every Wednesday at the beginning of lunch, is to encourage students to continue their education in college. Among the trips MESA planned for the year were visits to the Cal State campus and to Magic Mountain for Physics Day. With the help of president Anne Firestone MESA had a successful school year. Other members of the cabinet include Alejandra Aguilar-Vice Pres.; Imelda Aguirre-Treasurer; and Georgina Ramirez-Secretary.

For the college bound student, two clubs, which promise to benefit those interested in a higher education, existed on the E.R. Campus. One of these was the California Scholarship Federation, C.S.F. Consisting of students who attained a high G.P.A. the previous semester, this club offers tutorial services for El Rancho students as well as people from other schools. With the fund raisers C.S.F. held throughout the year they were able to take their annual trips to Idyllwild and to Yosemite. In charge of this honors society was President ***Araceli Valenzuela****, Vice President* ***Eve Medina*** *and Advisor* ***Dr. Robert Hayes.***

The other club was UC Partners, a fairly new organization. Sponsored by the University of Irvine, this club allows students the opportunity to visit colleges as well as museums. UC Partners lets high school kids have a look at what college life is like. For this year the club attended many competitions which led them to another victorious year.

The team attended their first competition which was held at San Bernardino Valley College. This contest was what they needed to make E.R. once again proud of the VICA club.

All squads gained recognition when they placed in their routines. Along with this honor, three girls went on to be chosen All-American and participated in a San Diego Charger half-time show.*

New changes and stunts helped the Yell Leaders place third in their first competition. The Flagsters also placed third at the Knott's Berry Farm Competition when they twirled with two flags for the first time. The Songleaders mastered new moves and stunts to gain themselves recognition also.

The 1987-88 Pepsters have accomplished a successful year and learned what being responsible is all about. Congratulations!

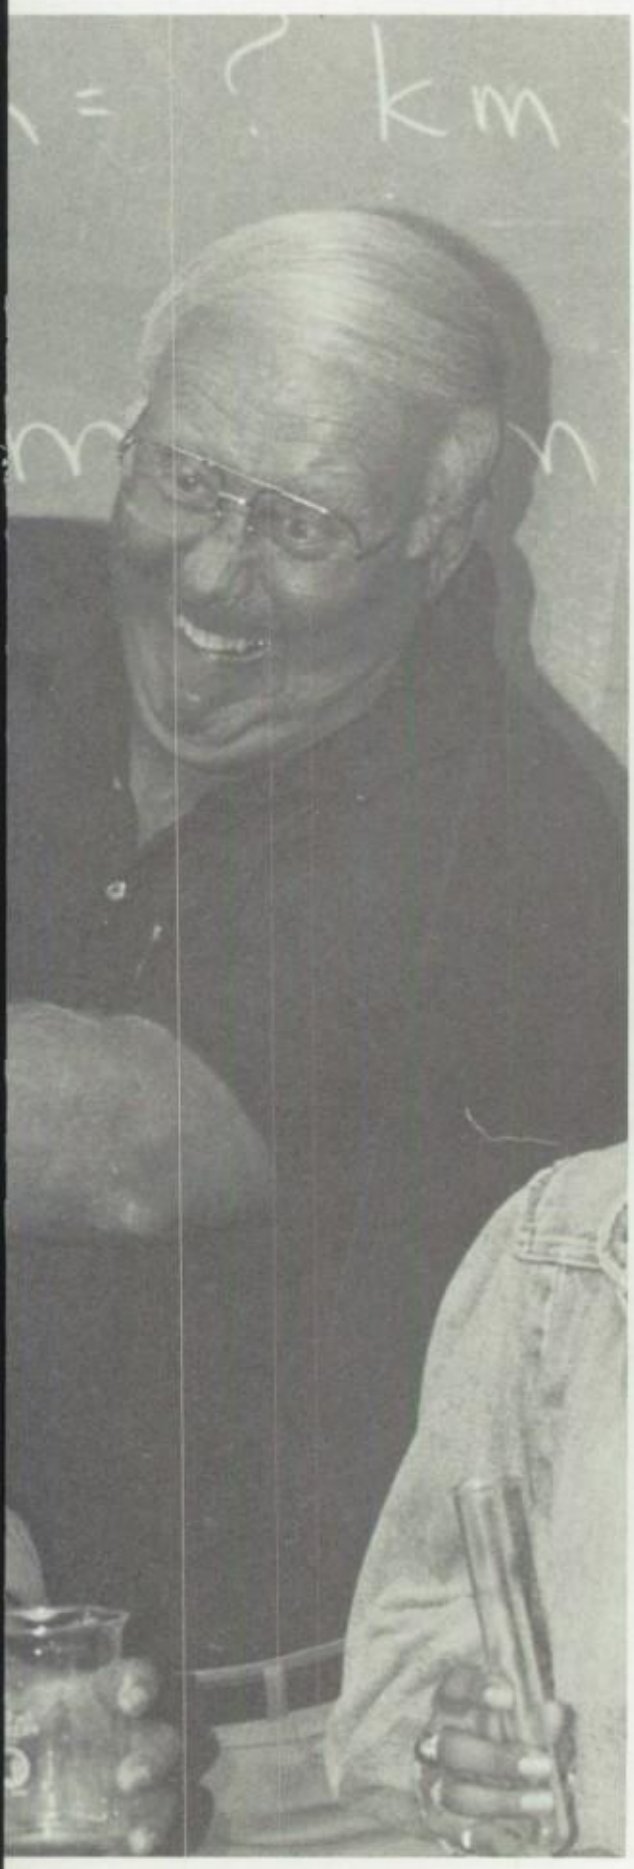
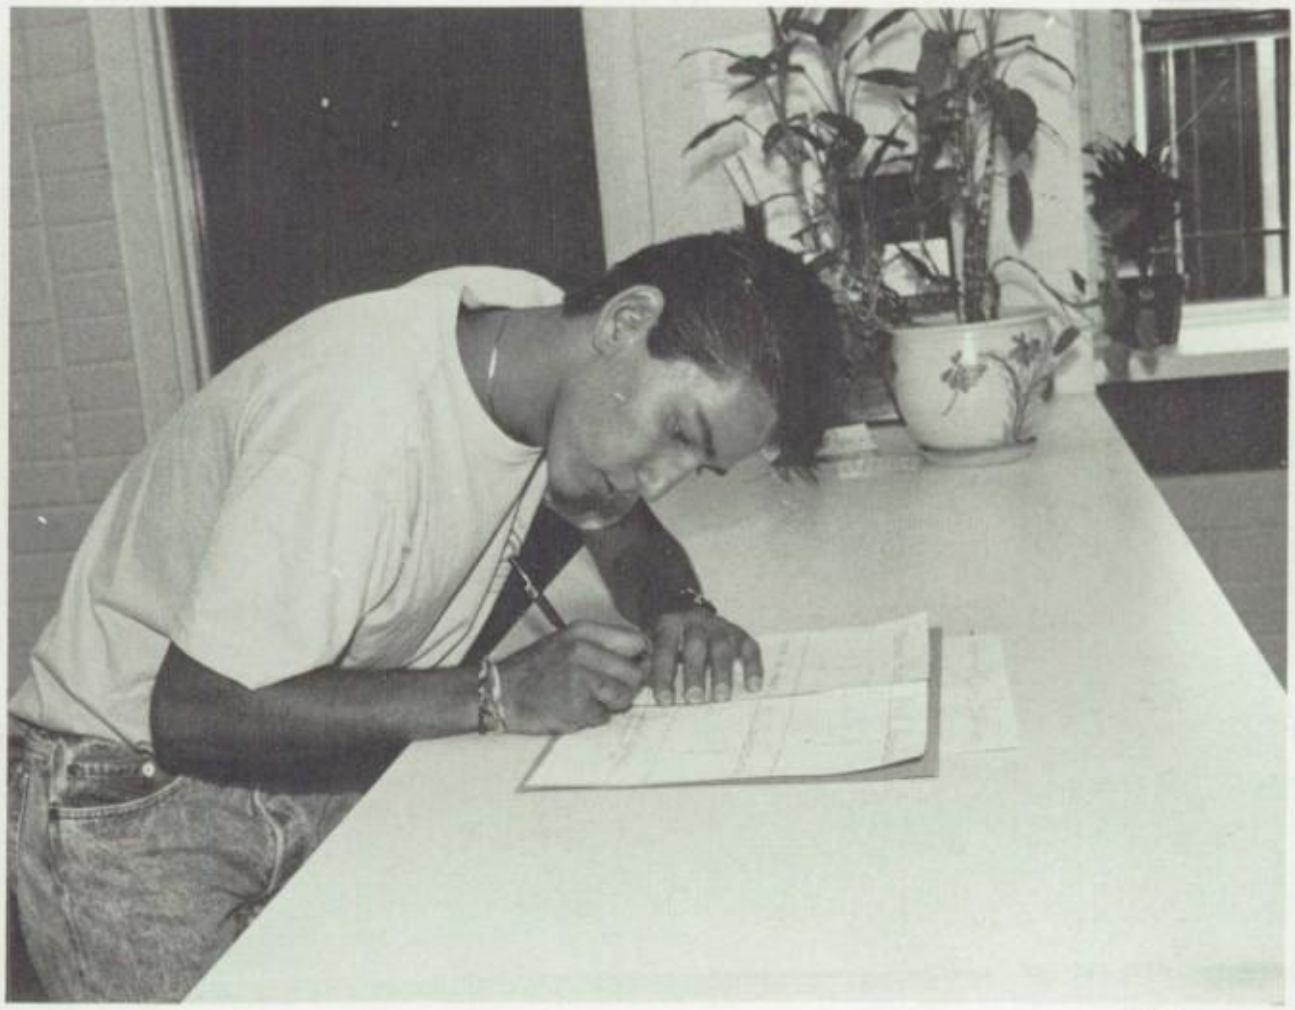
Commemorating The Year In Celebration

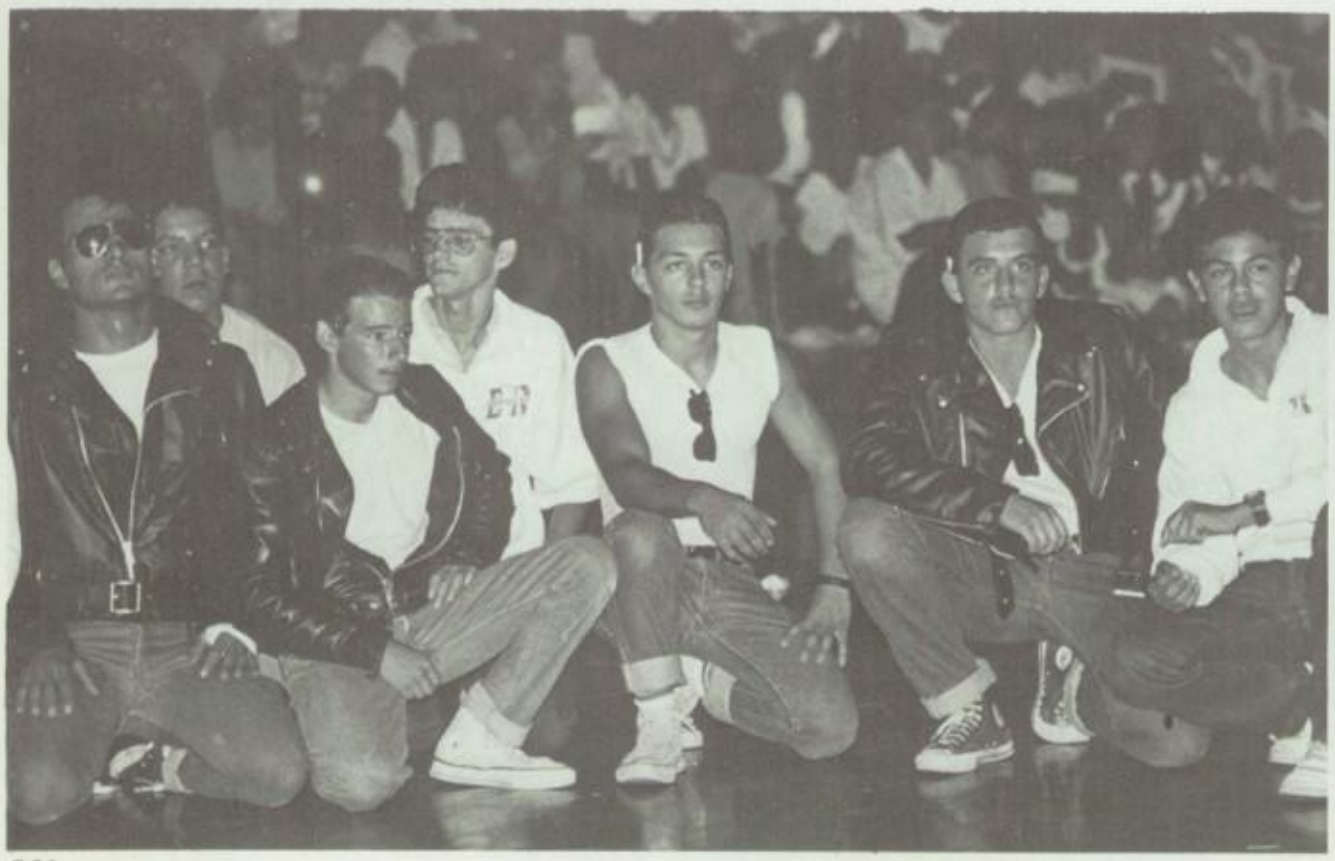
Ranch

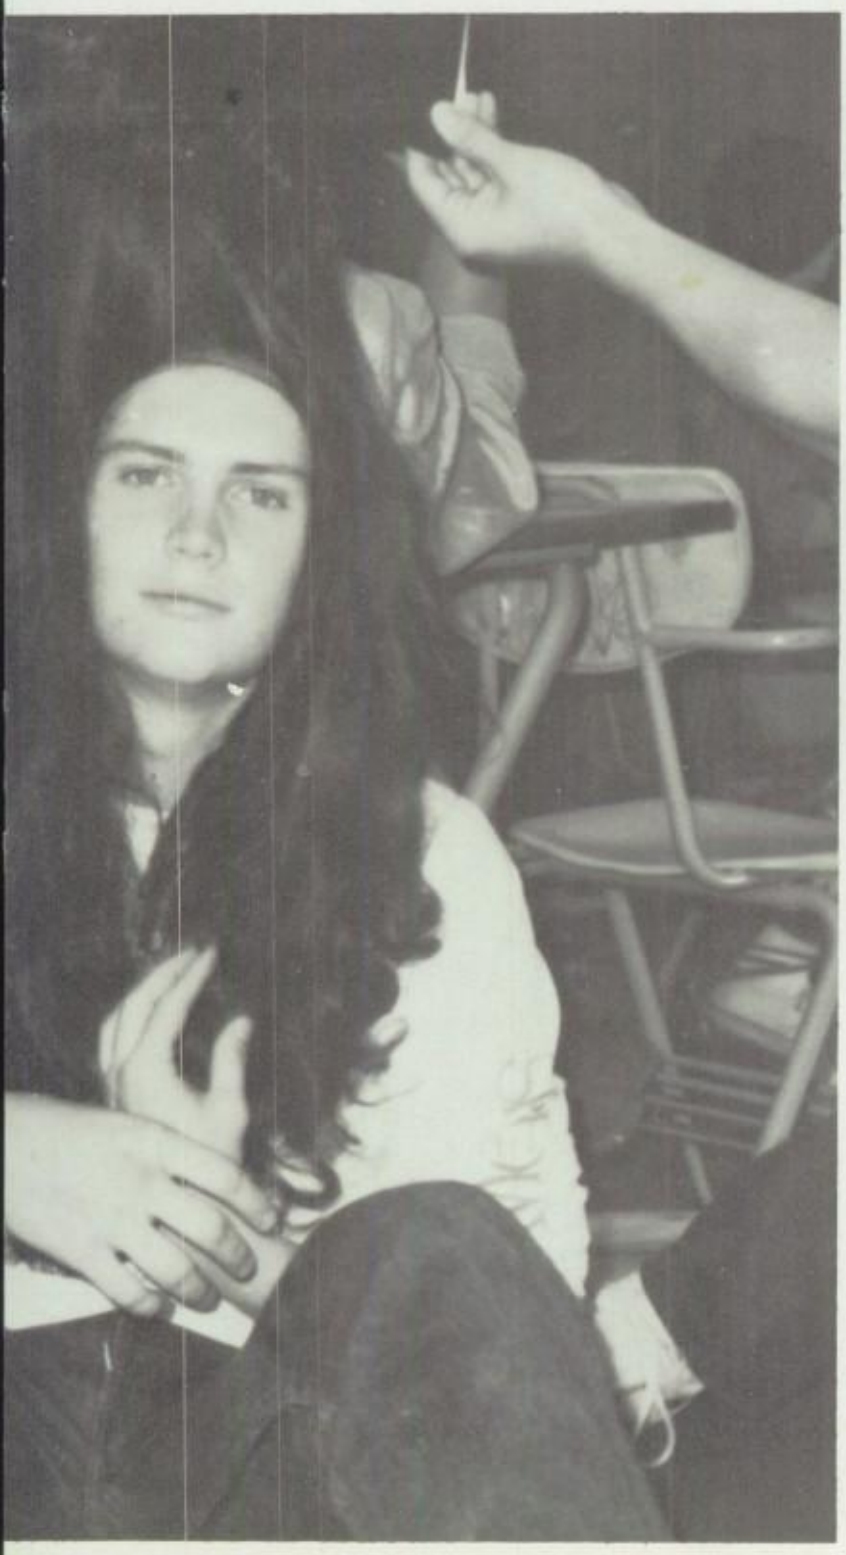


The 1987-88 year was a great experience for the El Rancho students. The Freshmen discovered high school and learned what Don Pride was all about. The Sophomores and Juniors made one more step on the way to success. The Seniors left to follow their dreams as another ring continuing the long chain of "blue and gray" generations. All students had fun, worked hard and found new friends. The years spent at El Rancho were the best and most beautiful years of their lives and they will always be remembered.



Excitement Packed Year Winds Down





The 1987-88 school year was eventful and fun. All the El Rancho students acquired more of the education and qualities needed to succeed. The school placed seventeenth in the L.A. County Academic Decathlon. A calculus class was founded for the first time in Don history. Also, Mr. Anderson, one of the faculty members at the Ranch, had a guest appearance on television in "Night Court". The school athletes showed pride and spirit. The football and waterpolo teams went to C.I.F. and the wrestlers placed 4th out of ninety-seven schools that participated in the C.I.F. Masters' Tournament.

Nevertheless, the outside of the El Rancho microcosm was the scene of historic happenings, too. California was badly shaken by the October 1st earthquake. More "stories" on the Presidential campaign surprised America and the Iran-Contra Hearings made the headlines. The Persian Gulf proved to be a very volatile and dangerous place, and the Pope visited the "New World", bringing a message of friendship and peace.

Altogether, this was a great year for El Rancho. There were more opportunities and experiences for students. Everyone was able to improve his skills and prepare for a promising future.

Fabulous Fun Fades Into Memories

Looking back on the years gone by is what many El Rancho students will do to relive in one's mind fun events, memorable nights, and everlasting dreams. The times spent with friends were something that could never be forgotten no matter how hard one tried, knowing that the dreams and experiences spent with your friends in high school would never be again shared. One must experience and capture the events and lock them, not only in one's heart, but soul as well. That's why until the end of time, those fond memories will be in the hearts of all El Rancho students forever.

UCH

One For All . . . And All For One

Thanks, Esmie, for always being there when we needed you. Thanks, Lourdes, for your love and support when our hearts were broken and we needed a shoulder to cry on. Thanks, Nohelia, for your dingy smile that always brightened our days.

The three of us shared overwhelming experiences; we'll never forget our little "chacha mobile" chasing the "big gray boat". Now our friendship grows stronger because as days go by, we just don't become friends we become sisters. We're no longer three, but one.

With love, friends forever,

It seems like it was just yesterday that you took this picture. Now you're graduating from high school and going to college. The years go by so fast. We want you to know what a blessing you have been to us, and what a good example you have set for your sisters.

We know you'll go far in life. Good luck! The world is yours!

Bruce,

You are a very important part of my life. You're there for me when I need someone to lean on. No one has ever understood me, or has as much patience with me like you. I love you more than anything in the world and I know our love and life together is everlasting.

Shariann,

Life as I knew it, only a matter of months ago, has ended. I have moved on to a new and better life that I never thought could ever exist. I love you. You are so special to me and I will never let you go.

We will be together always and I will love you forever. From here on it will only get easier; you made it this far through everything else. Now you have me forever.

I love you,

In My Memory Bank . . . Written Especially For Danny Boy

Graduation is near and my heart is feeling joyful and a bit sentimental. So I allowed my heart to lead me into my memory bank. I knew exactly what I wanted, so I withdrew some memories from a long, long time ago. In fact, the ones that started from the 20th day of October 1970, the day you were born. The day God lovingly and gently wrapped you in His beauty and handed you over to us and said, "Here take him, this gift is for you." These memories I withdrew from my memory bank.

I made myself comfortable and sat and sat in my memory bank. As I was dwelling on the past, my eyes became watery. I was thinking of some of those tiny steps you first took at home and now, the steps you would be taking out in the world.

These memories I withdrew from my memory bank.

I came across the moment when you were just a little boy, and how well you recited I Corinthians 13:1-13 before the congregation. I paused for awhile, and then went on to other memories. I was remembering when you were awarded the Superior Ribbon for four consecutive years in the 5th, 6th, 7th, and 8th grades in speech contests. And now, in high school, you're still exercising the gift that God gave you to be able to express yourself and to speak before others. Ah, here's another special one. It's football season and it's Friday night. The DONS are out in the field, they're on their knees praying before the game, and there, my eyes are focused on #43, standing in their midst leading the guys in a word of prayer. WHAT A TOUCHDOWN FOR GOD! Such proud moments.

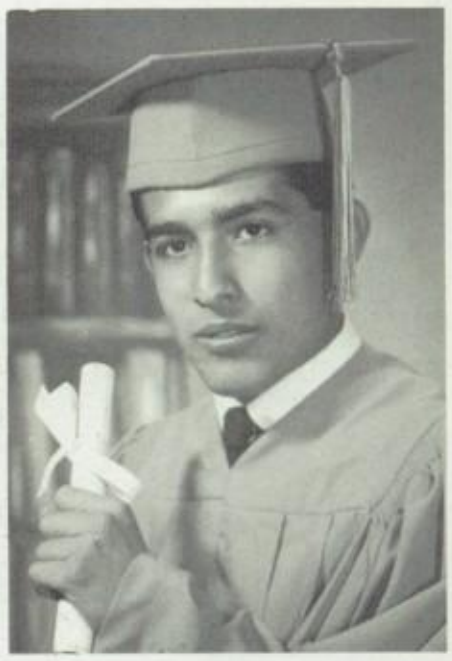
These memories I withdrew from my memory bank.

The day is ending, and I know that your high school days are also coming to an end. From boyhood to manhood, much has been stored. Remember always to seek God's wisdom in everything you do. By the way, your Dad and Sandy were with me in our memory bank, but they were busily withdrawing memories from their separate accounts.

Congratulations,
Dad, Mom & Sandy

PS: Danny Boy, you're the best brother in the world. I'm very proud to be your little sister. HAPPY GRADUATION!

Sandy



Everlasting Memories

We've seen many changes
in our lives and in
the world since we
first became friends.
And through it all we've
known that we could
always count on each
other, talk things
over, and make things
right.
And that's why, even with
all that has happened,
our friendship hasn't
changed, except to
grow stronger.

Well Chata,

I'm sure gonna miss you! I hope you make the best of your life. I know that you probably will. We've had a lot of great times together and I'll miss those times. I wish you the best of luck in your future and I congratulate you on graduating because you deserve it! Stay nice always and forever because I'll miss my friend, my buddy, and chum.

Maria #31

My dearest Maria Conchita,

Thanks for being such a great friend. I'm really glad that we took the time to become even closer. Thanks for all the days of laughter that you have given to me. Without you, some of the annual staff days would have been really boring. I'll always remember how you made me laugh with your oversized shorts and your tacky jokes. Even though we won't be going to the same colleges, I know that we'll still remain buddies. Thanks for all your support and for making me cheerful on those gloomy days when nothing seemed to go right. Thanks for being the wonderful person that you are. Thanks for being my buddy.

Love and friendship,
Linda de Leon

Thanks, Maria, thanks.

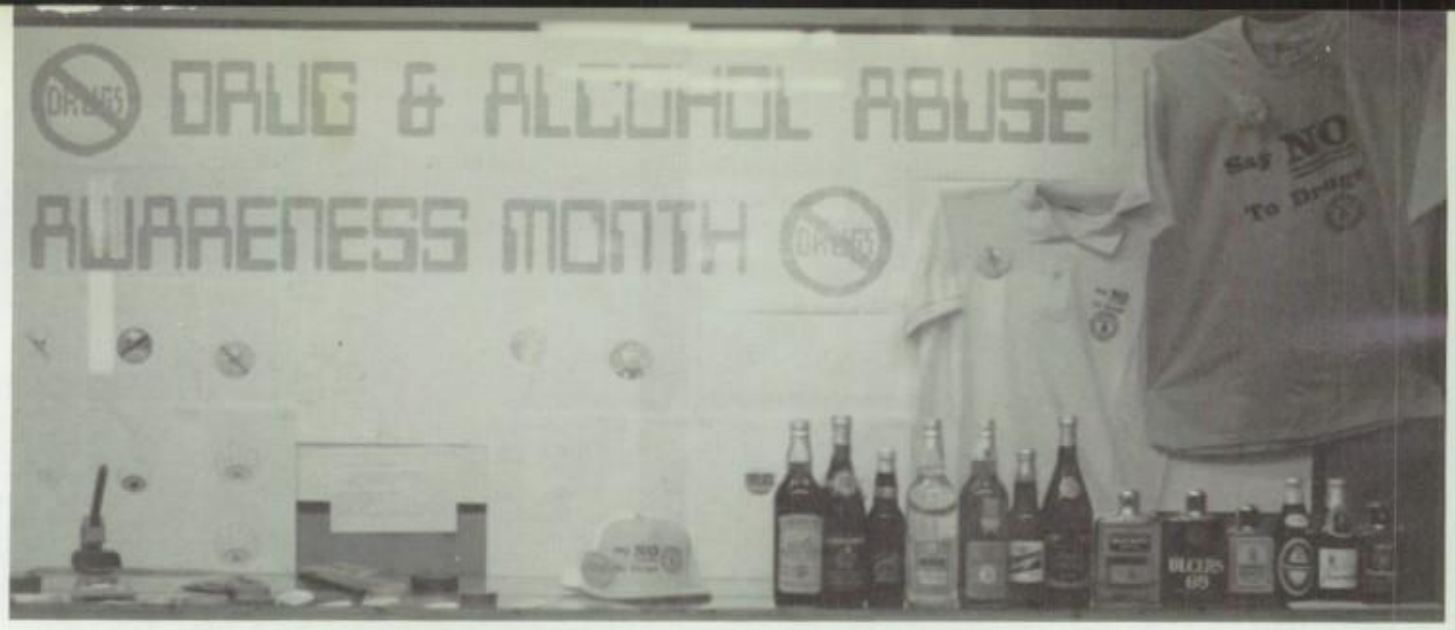
Drug Awareness Hits El Rancho



This display, which was located in the window case of the guidance office, was one of the many ways that the students and faculty got the word across.

Drug Advisor **Debbie Samarin** introduces the assembly speakers. With her organization and interest the Drug and Alcohol Awareness Program at El Rancho became a reality.

Addressing the audience, the Director of the Care Unit informs the students of how many teenagers become addicted to alcohol each year. The assembly had a positive effect on the student body.

As society continues to struggle with the problem of drug and alcohol abuse, El Rancho High School has taken certain measures to ensure a drug-free campus. The Drug Program provides hard-line consequences for the students found under the influence or in possession of illegal substances. Teachers have been inserviced to become aware of signs and symptoms of drug and alcohol abuse. Students and parents have participated in anti-drug/alcohol assemblies. Ms. Samarin, a second period Drug Advisor, coordinates the program through the Guidance Office.

The 1987-88 year began with a very successful "Red Ribbon Week". Students were given the opportunity to show their support for a drug-free school by wearing a red ribbon all week, along with other schools and community services in the county. In the fall, a highly successful, well-attended parent meeting stressing the various aspects of drug abuse was held. The four hundred plus listeners also heard about El Rancho's program. December 7, 1987 was the first District-wide "Say No to Drugs" day. On the first Thursday of the month thereafter, many wore a t-shirt, hat, or button with an anti-drug message. Ms. Chacon's Commercial Art class designed the five different buttons, printed them by computer, and pressed each button by hand. The Executive Commission sold the buttons for two dollars each. March was Drug and Alcohol Abuse Awareness month, so the commercial artists went on to design an excellent window display of El Rancho's work toward a drug-free school. An assembly was also held, bringing students from a hospital treatment center to warn our students against the use of chemicals.

So one can see the 1987-88 year was actively involved in pursuing the commitment toward a substance free school. Perhaps, then, society may be touched and move toward a larger drug-free world. Congratulations, El Rancho, you should be proud of yourselves so far!

Care Unit patients told the students of El Rancho that even at the young age of nine, it is easy to become hooked on drugs and alcohol. Students showed empathy with the speakers.

Just Say No!!

Some of our students participate in a demonstration given by the guest speaker. Students stood up to show the percent of children and teenagers that get hooked on drugs and alcohol each year.

Ms. Chacon's first period Commercial Art class got together to create and sell buttons that said "Say No To Drugs". Many of these buttons were sold to help promote the drug-free program.

Editors In Celebration!

Shariann-(Share my ham!) We leave you an award for the most absences, fewest layouts and the biggest mouth! Please just stick to being our best friend! We love you!
Sophia- Have you called the City Council? -We know, he's sick, right? Thanks for being our news bulletin!
Alfred- To our sports editor, who never did get our girls volleyball pictures. Thanks for being a "cool guy" and proving us right once again!
Michele- Thanks for making 5th your 1st period (Ha Ha, you're supposed to laugh!) You proved to be dedicated when we needed you to. Thanks, we love ya!
Karina- Yes, we do believe airheads are people too! (Just kidding-QUACK QUACK!) We wish you the best of luck for 1988-89.
David-Supramani Thanks for those **GREAT** photos you took. May God watch over you always. (And we mean in everything you do!) Hopefully he'll keep track of you better than we ever did!
Alina- To the only person who could figure out how to do proportions. Good luck next year and don't take on such a heavy schedule. A person can die from too much knowledge.
Maria- Guess who's pregnant?! Just kidding! Girl, you shouldn't be such a chismosa! Thanks for being you.
Mia- Oh Mia! Mia, Mia, don't you ever take anyone into our office again! Thanks for what you did, or did you? Good luck in '89. (P.S. You can't "just leave" 15 people's names out of the copy!)
Terry- To our social outcast, thanks for coming out of your shell and for all those sweets. Good Luck!
Imelda- Thanks for all the copy, if it weren't for you it wouldn't have been so great, (even if it weren't for you it wouldn't have been so great, (even though you hated it!). Thanks for everything and good luck in the future.
Cyndi- Are those your nails? Thanks for spicing up our copy and our layouts. Good luck next year, maybe you can get into some real action!
Linda- Without you, there wouldn't be a Senior section, it sure was a change from last year! Good luck and remember, some one in the Air Force loves ya!
Nohelia- To blue eyes, they're fake! (Just Joking) Thanks for your efforts these past two years. Ju were rrreally great!
Cindy- To our second semester staffer. Better late than never! Thanks sweetie!
Ray- To the dude who could never learn how to do proportions right! Just as long as it's close, it's good enough. Keep up the good work and control. Good luck and congratulations on your position next year!

To everyone on the staff, thanks for all the time and effort. To those members who are going to be here next year, we wish you the best of luck! And to Ms. Bat, we thank you for all the help and for giving us two years of great and funny memories. Thanks staff!

Your Editors,
Toni and Debbie

A friendly word from your advisor, or on "good days", a word from your friendly advisor —

Debbie and Toni, you have been great workers these last two years. What you have accomplished has gone beyond what is commonly known as "work". Without your creativity, dedication and patience this book would not exist as it is. It is a real tribute to both of you. Although there were days of feeling "put upon" and "wrongfully (or maybe not so wrongfully) accused", you came through like troopers, with long hours of typing, pages of creative layouts, resiliency after seeming defeats and disappointments, and the ultimate responsibility of seeing every deadline down to the last. For these efforts I applaud you, thank you, wish you success and want to let you know what a great pleasure it has been to spend these two years working with such a spirited two! May all your dreams come true!!
